## M. C. Dietrich, Principal

**A**S CHAIRMAN of the Red Cross in Cuyahoga county, Marion C. Dietrich is not only a highly respected high school principal, but also a civic leader.

For 17 years he has been an adviser and a friend to thousands of Shaw students, who, through his guidance, have become responsible men and women in their communities.

Mr. Dietrich has gained much by democratic decisions of problems brought to his attention.

Believing that a well-rounded education is the only proper education, Mr. Dietrich has greatly encouraged outside activities and helped make Shaw one of the most progressive schools in the city of Cleveland.

# O. J. Korb, Superintendent

**A**SSUMING his position as superintendent of East Cleveland schools with the quiet dignity and poise that make him a worthy leader, Dr. O. J. Korb has established himself as a tradition of school life during his eight years in office.

Being the chief executive officer of the board of education includes everything from enforcing rules and regulations of the board, selecting the text-books and proposing courses of study, to estimating the revenue needed for the next fiscal year.

When asked what he thought of Shaw students, Dr. Korb remarked, "They are the best boys and girls in the world."

#### BOARD OF EDUCATION

Paul H. McClelland, Mrs. Mariem S. Morgan, Miss Ruth B. Nemeč, Ben B. Wickham, Dr. O. J. Korb,  
Z. C. Kline, George Nelson

## Board Of Education

**P**ROVIDING necessary equipment for students, hiring teachers, general running of the school—these are all duties of the East Cleveland board of education consisting of four men and one woman. This woman is Mrs. Marian Morgan, now vice-president of the board, who has served since 1934.

Current Board President Ben B. Wickham, is a practicing attorney and has been a member since 1929. The other three members are Paul McClelland, vice president of the Cleveland Trust, Zenas C. Kline, affiliated with chemical products division of General Electric, and George Nelson, well-known East Cleveland jeweler.

In the board of education Business office were two changes this year. Miss Ruth B. Nemeč was appointed clerk-treasurer, and William A. Speed was appointed superintendent of buildings and grounds. William Councell, former business manager, resigned this year to become director of athletics at Western Reserve university.

## Checkin' Up

**P**ROBABLY 1400 parents and visitors still remember the evening of Nov. 26, when they went home tired after a hard "day" at school. This night was open house and gave the parents a chance to see just what goes on in Shaw on an average day.

There were demonstrations in the pool, gym, and auditorium by the swimming and gym classes and the choir and band respectively. The cafeteria was a popular spot, since one could eat light refreshments and relax when lunch period or study hall came around.

Half-holidays were enjoyed by the students in rooms 38, 31, and 208 for having the greatest percentage of parents present.

# Faculty Leaders

W. H. LOWDEN

**H**ELPING to create better citizens and build better minds, the faculty advisers are constantly at their jobs.

Miss Jean Quay, assistant principal and dean of girls, advises the girls on their daily problems. With the assistance of Miss Betty Wenger, she checks uniforms and attendance. Miss Quay also plans students' programs at the beginning of each semester.

Although W. Hoyt Lowden, affectionately called "the Warden," has a full day's work as dean of boys, he is also the head of the social studies and the visual education departments. As if this weren't enough, Mr. Lowden also teaches a daily class in American Government.

H. K. Hunter, guidance director, helps each Shaw High student plan his future. He assists students in planning their credits for college.

# English Department

**S**TRESSING literature as well as grammar, the English department this year was especially busy in planning and producing the program for library's silver anniversary celebration under the able assistance of Miss Louise Baker, instructor of the Creative Writing Class.

Literary activities of this vital department, headed by Miss Helen Wright, include everything from "Lorna Doone," and the "House of Seven Gables" to "Vanity Fair."

Academic English courses are designed for future college students; while Survey English includes a well-rounded background for students taking the Commercial course.

The English department was proud of the seven girls whose poems were accepted for the National High School Poetry Anthology. This was probably the largest number of Shaw students ever to have their works accepted.

**U**NDER the leadership of Claude J. Carter the science department has again this year endeavored to teach the student the elements of science and give him a better understanding of the whys and wherefores of it.

This active department offers courses in biology, physiology, physics, chemistry, and physiography.

It appeals largely to the academic student preparing for college, since it helps him decide whether or not he would like to further his education in this field.

In the chemistry and physics classes, two days a week are devoted to laboratory work so that the student may actually see what he is studying. Biology students have lab work also, but the students taking the other types of science must rely mostly on their textbooks.

# Commercial Department

**"T**O DEVELOP a scientific attitude toward business services and business management, to gain knowledge of prevailing methods of business procedure, and to acquire knowledge, training and skill essential for remunerative employment." These are the chief aims of the Commercial department.

Although the academic course has by far the majority of pupils, 768 students took some form of commercial work. Of these, 233 took typing, and a third of these students were taking academic courses.

Commercial students take business orientation, a preliminary course with six weeks' training each in shorthand, bookkeeping, and retail trade. The grading for this is either satisfactory or unsatisfactory. Other compulsory subjects are commercial English, law, economics, expression, and physical education.

In the secretarial course one learns to operate such intricate machines as the dictaphone, calculator, and adding machine.

The head of the department is Mr. Nelson F. Leist, and the following teachers teach commercial subjects: Miss Eva Duhadway, Miss Kathryn Hubinger, Miss Marie Kurtz, Robert P. Louis, Miss Anna Soutar, and Miss Wenger.

# Language Department

**T**HE Language department consists of Miss Jeanne Boyd, Miss Jennie Gleason, Miss Isabelle Latta, Miss Elisabeth Ort, and Miss Alice Zuck.

At Shaw, four basic languages are taught, as most colleges require two years of any language. If at any time during these two years a student for some reason drops the language he is taking, he automatically forfeits his language credits.

The languages taught at Shaw are: German by Miss Boyd, French by Miss Ort, Latin by Miss Gleason, and Spanish by Miss Latta and Miss Zuck.

Shaw welcomes this year Miss Boyd, the new German teacher. Also during the semester two practice teachers were learning the methods of teaching Spanish from Miss Latta and Miss Zuck.

# Industrial Department

The aims of mechanical drawing are to "correlate the mind, eye and hand for the purpose of reading a drawing, expressing it on paper, and conveying to others definite ideas. It trains in observation and general mechanical ability and fits pupils for shop drafting, and is an incentive for further development along these lines." The subject is taught by Roy Wisecup, under whom there is a class of 40.

Machine shop is the most popular for technical students, with 108 students taking it. The students work out problems from their textbook, "Metalwork." Small hand tools and vises are made, the students using machinery, hand tools, and benchwork in making them. Some of the machines used are engine lathes, vertical drill presses, vertical millers, and benches. The teacher is Thomas Hutchinson.

The woodworking classes of 60 students are under the direction of Mr. Oliver Craig. The students get ideas for projects from their textbooks. Some of these projects are: intricate lamps, coffee tables, model boats, gun racks, plaques, letter files, silver rings, checker and chess boards and 24" sandwich trays.

**"I**N FOURTEEN hundred and ninety-two, Columbus sailed the ocean blue" is one of the important facts taught to the students of history. The history courses include American history, World history, and American government. W. Hoyt Lowden, who is in charge of visual education, is also head of the Social Studies Department.

The main objective in teaching history is to find reasons why people act as they do. It has been discovered by history students that environment and geographical locations play a large part in the mannerisms and activities of the citizens of the world.

Various student teachers have taken over history classes for a semester as part of their training.

# Mathematics Department

R. A. Brown, H. P. Frank

**F**OR 41 years Shaw students have learned theorems and postulates under the watchful eye of R. A. Brown, head of the Mathematics department. Few, if any of his pupils have had a chance to cavort with a substitute, for Mr. Brown has missed only two days of school since he first started teaching trigonometry, solid geometry, and intermediate algebra.

At present there are only four other math teachers, all of whom teach other subjects also. They are H. P. Frank, plane geometry; Martin Loftus, plane geometry; Wm. Nick, plane geometry and intermediate algebra; J. L. Snavelly, intermediate algebra.

To have stage poise, clear enunciation, and diction are the aims of Miss Lois Crank and Miss Lois Dean, public speaking and expression teachers.

The choir, under the direction of E. E. Vance, created a cheerful atmosphere as it went through the halls singing Christmas carols before holiday vacation.

Miss Elizabeth Hopkins and her art classes have been kept busy making posters urging us to buy the paper and attend activities around school.

## Basketball

**C**OACH ROY H. WISECUP, tutoring his 18th Shaw basketball team, brought home another winner. This is the ninth time that a Wisecup-coached cage squad has won or shared the Lake Erie league championship. It has finished second on two occasions and was third seven times which is the lowest it has ever been in the league standings.

A highlight of the season was the L.E.L. cage night held at Cleveland's Arena. Shaw avenged its previous defeat at Lorain by whipping the Steelers in this stellar event 57-49.

Near the season's close, Lakewood supplied the championship "break" the Cards needed when it forfeited three league contests.

After the Erie season closed, Shaw traveled to Shore to enter the district tourney. In the first game the Cards broke the old 64-point scoring record by downing Bedford 74-44. The Cards went on to win the consolation trophy and third place position in the tourney.

## Swimming

**C**RIPPLED by the loss of six lettermen, the swimming team won only one of five league starts. The 37-29 victory came in a meet against Shaker.

Chief power of the team came from Wendy Smith, who tallied 59 points during the season. Dave Stafford followed Smith with 43 points, and Glenn Scholle splashed in 35. Other scoring was done by Bill Early, 17; Ed Thomas, 16; Len Elliott, 12½; Dick Cary, 7; Jim Stratton, 5; Dick Forsberg, 4; and Bob Carlson, 4.

With 11 points, Shaw took fourth place in the sixth annual Lake Erie League swimming championship. The meet was held in the Elwood H. Fisher pool at Fenn College.

# Tennis

Herb Levine, Ted Shaffer, Hersh Herzog, Larry Friedman

**S**HAW'S tennis team again came through with flying colors, capturing seven of its eight meets held last spring, besides winning the East Side Championship. The team bowed only to University School, which came out the city champs. Chris Kasaftes and Herb Levine did much to account for the team's success, Herb being undefeated all season. Practice and meets are held on the Forest Hill courts. Members are required to own their rackets; while the school furnishes the balls. Coach John L. Snively carries a squad of eight, seven being active and one held for reserve.

Boys receiving letters were Chris Kasaftes, first singles; Herb Levine, second singles; Ted Schaffer; Chuck Wiess, first doubles; Bill Betz; Jim Johnson, second doubles.

# Baseball

**M**OUND aces Ray Conkle and Pete Finelli, backed by the fielding and batting of Don Barclay, John Davis, Bob Guenther, Frank Noble, Jack Palmer, Ralph Richter, and Don Visci, lead Shaw's diamond experts to the city championships.

City champs for three of the last four baseball seasons, Shaw whipped Euclid Shore 2-1 at League park to annex the title.

Shaw may have also received the state crown had it not lost a nine-inning thriller at Shaker 3-2. The third game on the schedule, and the only Cardinal loss during the season prevented Shaw from entering state-wide competition.

Participating in one of the oldest scholastic baseball rivalries in the area, Coach Wisecup and company met its ancient rival University school for the 44th year and defeated it in both contests 6-2 and 3-2.

In claiming the Lake Erie league title, the Cards boosted a twin killing of the snarling Heights Tiger.

At the beginning of each semester, members of gym classes volunteer for the positions. Those who qualify then learn to take charge of classes, act as captains of class teams, and put the girls through their calisthenics.

Girls from every grade may try out, the main requirements being athletic ability and leadership.

**T**O LEAP through the air with the greatest of ease was the goal of every modern dancer as she practiced muscle-straining exercises and graceful dances in the girls' gym every Monday night.

A variety of steps and dances was displayed to the members of Miss Alice Juringus, physical education instructor and sponsor of the Athletic council.

After perfecting basic steps, the girls were divided into groups and permitted to combine them into original dances.

The beating of a drum and rhythmic piano compositions furnished accompaniment for the dances and exercises.

Along with the other organizations sponsored by the Athletic council, the Modern Dancing club performed at open house for the parents. Its portion of the program consisted of routine exercises and several special dances.

# Basketball Captains

Any girl that wants to be a basketball captain must get 10 girls together and form a squad. Then when the season starts, she must see that her team is there and ready to play.

This Year there were 21 basketball captains, who also chose the members of the Army-Navy teams.

**I**T MAY take a Latin student to deduce that aqua means water, but it's no secret to the girls swimming classes that the Aqua Dux club stands for their leaders in water activities.

According to Miss Alice Juringus, swimming teacher, the requirements for becoming a member of Aqua Dux are "a desire to improve swimming technique, to help others learn and a special interest in swimming during spare time."

Clad in red bathing suits, a sign of their membership, the three to four girls from each class all meet sixth period on Fridays.

# Riding Club

President . . . . . Carol Geitz

**S**PRING and fall, plus the ever popular blue jeans and plaid shirts mean the Riding club.

The first 10 girls who give their money to Carol Geitz have the privilege of going riding.

Carol is the head of the Riding club and the representative to A. C.

The girls are met in front of school by one of the instructors of the Tally-Ho Riding academy, located at Som Center and Chardon roads. After an hour and a half of riding with instruction, he then brings them back to school.

Their instruction consists of all the techniques of riding such as learning how to mount, sit a post, and canter.

Each girl must ride three times before she is considered a member.

The girls all ride together, with those who are the better riders getting the more spirited horses.

Every time a girl rides, she receives 10 points. All the members of the Riding club look forward to Friday, which means fun and recreation.

**S**PLASH! "Boy, this sure feels good! Come on, let's have a race." What does this suggest to you? You should be thinking of the Tarpon club.

Originating in 1939, the Tarponettes have continued to enjoy the privilege the pool provides. All girls particularly interested in swimming may join in all the "wet" frolics of this peppy organization. Of course an initiation at the beginning of each semester is a small catch.

Besides the usual splash party held every semester and the pageant which is held each spring, this year Shaw's "Bathing Beauties" plan to entertain the boys' swimming team.

**T**HURSDAY nights find over forty girls in Shaw pool practicing to become qualified life guards.

The girls, led by A. C. member Pat Danford, study to pass the American Red Cross Junior and Senior Life-Saving tests. The class, which started in February, is taught by Miss Alice Juringus, girls' swimming instructor.

Open to girls in all grades, the classes are well attended by sophomores as well as "upper-classwomen" who wish to become life guards qualified for duty all over the country.

**T**WENTY strong and dressed in crisp, new, white uniforms are the girl gym leaders. Picked from each gym class by Miss Alice Juringus, these girls met for extra gym every Thursday evening during sixth period. Girls are chosen for their ability in athletics and for leadership qualities.

Tumbling has been the special work of the leaders during the second semester. Acting as hostesses at the tea after the annual Army-Navy basketball game was also a prime activity of the leaders.

Gym leaders assist Miss Juringus in regular gym classes by taking attendance and checking other girls in ability tests.

The Leaders' club is especially set up for girls who are interested in extra gym work.

# Volleyball

**C**ARROLL Allen, in charge of the volleyball games this last season, was assisted by Lucille Galemmo, acting under the supervision of Miss Alice Juringus.

To be on Yale-Harvard, a girl must think rapidly, act wisely, be vigilant and must perform well. Girls match their skills with those of other girls chosen to play on the teams. They don't receive any points towards S letters but play for the honor of being on Yale-Harvard.

The teams met for practice Nov. 26 and Dec. 3 and the final game was played Dec. 5, 1946. Yale was victorious over Harvard by a score of 35-24.

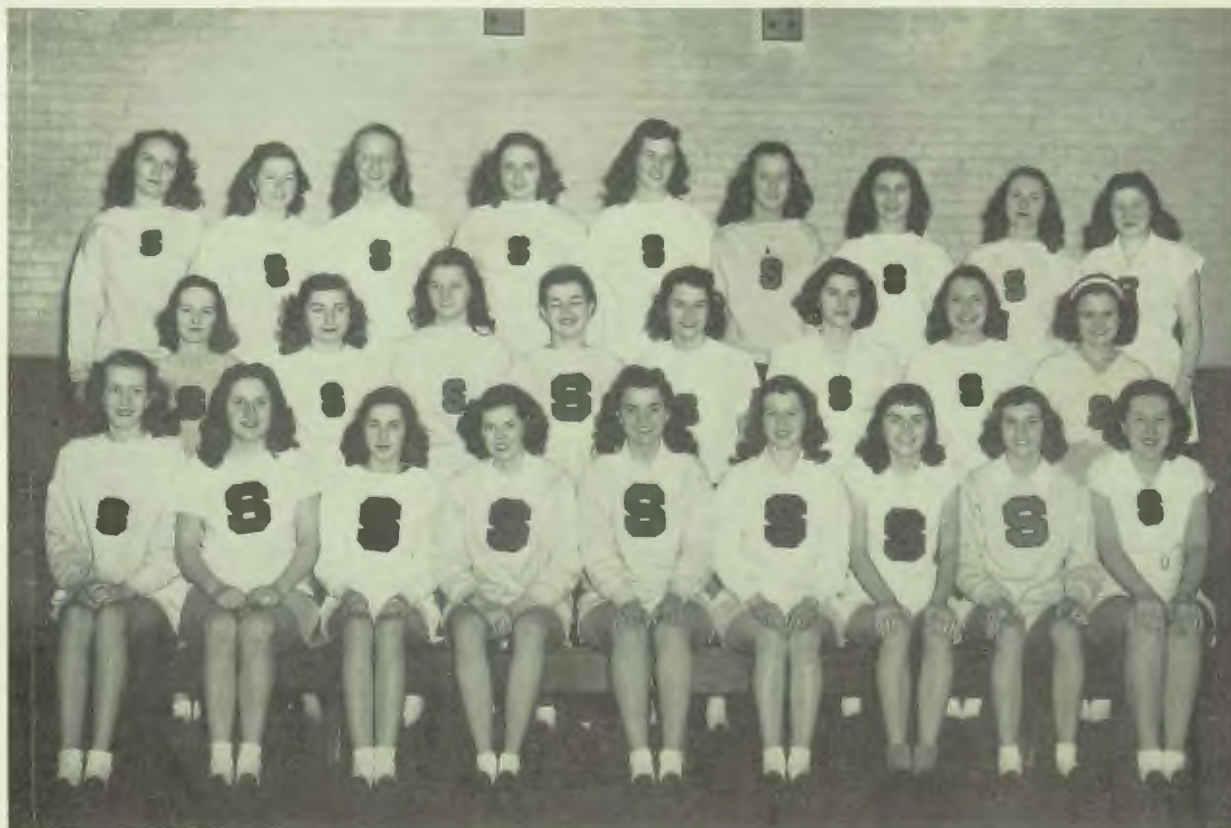

Those who attended these games were thrilled at the good performances exhibited by these teams.

**P**ERSEVERANCE and a lot of hard work are just what it takes to earn that S letter. And that is just what a lot of Shaw girls have, for a great many of them proudly display an S on their sweaters.

Points are earned by participation in girls' after school sports, sponsored by the Athletic council. Three hundred fifty are required for a small S; while a large one calls for 700 points.

This past year three girls, Sue Ebenhack, Betty DiBartolo, and Lee Williams, totaled enough points to win pennants. A pennant represents 1000 points worth activity.

The S letter system has been used at Shaw since 1930; pennants have been awarded since 1943.

Florence Dupraw, assistant editor, spent many afternoons making sure the seniors kept their appointments with the photographer and checking the spelling of the students' names.

This year the Shuttle has a fully padded cover that is almost indestructible. Some of the tests it was subjected to were; being jumped on, hit with a hammer, heated with a blow torch, and other numerous devices of destruction. If you're the type of person who is hard to convince, you might take your pen and have your friends autograph it under water.

Staff members are chosen from the journalism class when they have accumulated 100 points. These points are awarded for writing stories, copy reading, proof reading, typing, and related activities. To gather information for the Observer each member has a news run for which he regularly writes stories. Staff members also contribute feature stories.

A member who has been on the staff for six issues is entitled to attend the annual Observer dinner at which time pins for service are awarded.

**P**ARTICIPATING in vocal contests, programs in factories, department stores, libraries, and hospitals, as well as school programs, and January and June commencements, the a Cappella choir is one of the most versatile groups of the school.

As a climax to a year of hard work, this group joined with the choirs of the other Lake Erie league schools for its annual festival, which was held at Heights this year.

Under the capable direction of Edgar E. Vance, this group is in demand for both school and church activities and is kept busy throughout the entire school year.

**C**HORAL careers begin at Shaw. Tenth grade students can take up choir work along with regular classes.

As a minor subject, the junior choir meets three periods a week, under the instruction of Mr. E. E. Vance. Its members are trained in proper vocal technique and become familiar with all the musical arrangements of the senior choir, the a Cappella choir. Their duties are to fill in when absences occur and at times when a larger group is needed as at Christmas programs and spring concerts.

Because of their year of training, those in the younger choir can capably take over the positions of senior members of the a Cappella group upon graduation.

# Orchestra

**F**OR THE best in musical enjoyment ,the Shaw orchestra is "tops." This group of 35 members works hard every school day of the year under the direction of Milton G. Niergarth to bring enjoyment to the many people who attend different activities of Shaw, such as assemblies, class night, the annual Christmas program, and commencements.

The orchestra always looks forward to participating in the annual May concert under the direction of Mr. Niergarth along with the choir and band. It also took part in the Lake Erie league festival in Lorain.

These students' enjoyment of their work accounts for so many fine performances.

## Band

**F**OOTBALL games—rallies—concerts—special programs. Under the able baton of Milton G. Niergarth, the Shaw band has participated in all these events, football heading the list. This year the band traveled to Elyria. The halftime at all games was filled with timed performances and intricate designs, terminating with the "Alma Mater," then off the field.

The Washington Day concert offered to its listeners a program ranging from the popular "Martinique" to the symphonic "Die Fledermaus."

One of the big events of the year was the Solo and Ensemble contest, which was held March 21 and 22 at Thomas Jefferson junior high school. These entries ranged from woodwind trios, brass quartets, and sextets to woodwind and brass solos. Some of these solos and ensembles were heard at the annual spring concert in May.

In February the band traveled to the Arena for a Lake Erie league basketball and band performance and in April traveled to Lorain for a band festival.

Inter-chapter sports also play an important part in Hi-Y activities with competition in football, basketball, and swimming.

# HI-Y Show

**L**AST year's Hi-Y show with its all-boy cast was better than ever. Homo Geneze was played by Ralph Orchie and his mother by Paul Burton; Mr. Geneze was played by Lyle White.

The first scene took place in the Genezes' living room. The whole scene revolves around the death of the family dog, Conglomerous. The speech is typical hill-billy.

The second act was at the physical exam office of Kitritch Observatory Chuck Rendlesham was the doctor, and Bob Hahn was Homo. They enacted school life with a new twist in "School for Vandals." Other actors were Ed Breedon, Harry Sojeba, and Bob Hart.

The last act was a courtroom scene. Jim Pilcher was the judge.

Besides the regular play there were several added attractions which included Can Can girls, an announcer describing a police chase, and a dance by Homo.

**T**HIS is only one of the new cheers introduced by the cheerleaders this year, under the head cheer-leader, Wendy Smith.

This group of fellows was always on the spot at the football games, basketball games, and football rallies. The rallies were written and produced by the members of the Boosters' club. At the Lakewood rally a new member was taken into the club, a little black fellow, with a big red bow around his neck. His name? Clinker, our mascot!

On the evening of Dec. 13, the Booster's proudly presented the Black-Red Revue, which was supervised by George E. Todd. The banquet for the members of the cast took place on February 19, in the Shaw cafeteria.

These boys have rendered valuable service to our school by boosting the spirit of Shaw High.

## Girls' Glee Club

**T**HE GIRLS' Glee club was formed principally for those who couldn't arrange their programs to include chorus or choir.

Members of this association meet every Monday after school in room B-11 to sing for their own enjoyment, and also to participate in many other activities of the school.

Christmas with all its events the girls hold as the most important time of the school year, for then they take part in the Christmas program, go caroling, and have their annual Christmas party.

In the past year they have assisted at the Friendship installation, and program selling at football games. Some of the group's best singers were chosen to help sing in the spring concert.

Other activities included pot-luck suppers in January and June in honor of the graduating seniors, a Christmas party for children at the Cleveland Christian home, and a dance where the boy voted most popular was crowned king.

# Friendship Cabinet

**T**HE club, meeting on the first and third Wednesdays of the month, is open to all girls.

Most of the work is done through committees.

Outstanding is the ring group, whose members receive Girl Reserve rings after fulfilling rigid requirements of service.

Participating in World Friendship week, March 10-16, was the major project of the year. To raise money for needy European children, the members sold pop corn, presented a movie after school, and held a splash party.

**A**MONG several innovations of school life this year was the organization during football season of a special boosters' club by members of the a Cappella choir.

Under the direction of Edgar E. Vance and Robert P. Louis, committee members, Jack Nash, president, Patricia Waggoner, vice-president, Barbara Schacht, secretary and Ed Lewis, treasurer. 40 program sellers went to work and sold hundreds of programs in good and bad weather during Shaw's home games.

"Buy your program here! For only a dime you'll get the lineup and pictures of the team," were cries heard by football spectators.

From the sale of programs came profits which helped pay the choir expenses and supply funds for the purchase of new choir robes.

## Stage Crew

Stage Manager ..... Bill Griffith  
Assistant Stage Manager ..... Robert DeFilippi

**"L**IFE BACK-STAGE" isn't just the name of a radio serial; it's an actual fact right here at Shaw. Directed by Bill Griffith, stage manager, the 11 members accomplish all the behind-scene work that audiences take for granted.

Only three girls are on the crew: June Cotner, Marilyn Greek and Viola Pattinson, the last two being veterans of last year.

Also veteran scene-movers are Bill Griffith, Robert DeFilippi, and Gil Young. Other boys, all new this year, are Dick Bookner, Ralph Carlson, Ray Drescher, Milton Goldstein, and Ken Kramp.

Stage work is done under the direction of Miss Lois Dean, head of the Dramatic department.

**A**MONG the achievements of the Art club this year was the mural which appears in this book. It portrays the following: English, art, mathematics, home economics, girls' sports, and boys' sports.

Each member of the club chose one subject to work on. After each subject had been completed, a student committee combined them into a single picture.

The Art club members are rejuvenating the art rooms, by taking the old, shabby pieces of furniture and painting them.

**S**TUDENT council homeroom representatives are elected by their homerooms.

They serve as news heralds to convey the important messages of the Student council to each room and also instruct it as to the elections of officers to the council; they handle collections for drives. They also help to advertise the social activities of the school as well as the council.

One of the main projects of group representatives this year was the organization of a spelling bee.

Each council member gave the list of spelling words to his homeroom and explained all the rules and regulations.

**W**ITH accents on social life, the 1946-47 Student council completed another successful year.

The first semester council was responsible for numerous after-school dances, a Hallowe'en dance, a monitor dance, and a dance during the lunch periods.

The council's duties are very numerous and assorted. Its members take care of the Lost and Found, select the noon movies, promote dances, and have an interest in almost everything concerning the student body.

Middle Row — Gladys Zorman, Lenny Lane, Dick Gascoigne, Jay Jacobs, Bob Abbott, Betty Larson  
Front Row—Claire Landgrebe, Barbara Klecka, June Overfield, Vivian Lamont, Doris Danielson, Doris Betler

**T**HE main change in the first semester's work was the elimination of the "building fund." The second semester's most important job was to conduct a conduct campaign for the betterment of the school. An alumni dance was scheduled for the spring, but had to be canceled because of Principal Marion C. Dietrich's illness.

Members of the council are elected by pupils in their respective classes. The council has 28 members during the fall semester and 30 during the spring. Membership is divided equally between boys and girls.

**H**IGHLIGHTING the work of the Student Council's six committees this year was an all-school party on May 2.

With Charles Irish at its head, the social committee consisting of Doris Betler, Gordon McCarter, Betty Larson, and Barbara Klecka were responsible for the affair.

The social committee incorporated the whole council and divided it into eight sub-committees to plan the party.

Entertainment for the evening consisted of basketball, volleyball, ping-pong, movies, and dancing in the cafeteria.

The referendum and spirit committees of the council established student forums for the first time at Shaw as a means for expressing student opinion. One of the four was a joint meeting with Parent-Teachers' association.

In an effort to keep students from over-burdening themselves with too many activities, the point committee of the Student Council initiated the point system, which will go into effect next semester.

## Visual Education

**D**URING the last two years visual education at Shaw has been ably headed by W. Hoyt Lowden. Mr. Lowden has worked hard to bring to Shaw a well-organized program. At present he has 16 operators, who give up their study halls to present pictures of varying interest to the students of Shaw. Most of these operators have had previous experience at Kirk Jr. High School.

At present the school owns a fine selection of projectors: two sound, one silent, one large slide, and two picture roll projectors.

**O**N THE more serious side of school life is the Debate Forum, which held discussions this year on everything from the Ku Klux Klan to our Russian foreign policy.

Nine members participated in a mass meeting of high school students, sponsored by the Junior Council on World Affairs at Public auditorium.

Another outstanding event was an East Cleveland Community council meeting, where five orators expressed their views on "How I Would Like East Cleveland 10 Years from Now."

After a series of round-robin debates, two teams were chosen to debate the national high school question on socialized medicine. This debate squad verbally battled teams from Heights, Euclid Central, and at Cathedral Latin, in a regional contest, where 20 schools within a 75-mile radius of Cleveland were represented.

**M**EETING on alternate Tuesdays in room 18 is the Stamp club. Guiding the Club is Miss Anna M. Devney, history teacher.

On display in the main hall bulletin boards are different kinds of stamps from all over the world.

The Stamp club ceased during the war but started up again as soon as the war was over.

The members pay no dues, but there are assessments on special occasions.

**A** THRIVING group at Shaw is the Rifle club, which meets and practices every Wednesday night at the East Cleveland Pistol Range, located at the corner of Hayden avenue and Eddy road.

To be eligible for membership, one must shoot a 90 or better. The adviser is Harold Frey, a member of the East Cleveland Rod and Gun club.

Meeting Heights twice, and Shaker and Willoughby once, the boys lost one and won one from Heights, beat Shaker, but fell to Willoughby.

To be eligible for a letter, one must shoot in two-thirds of the matches. The boys shoot with 22 caliber rifles.

 Front Row — Charlotte Wilhouite, Jean Hall, Betty Turner

Chairman .....	Dick Gascoigne
Assistant Chairman .....	Bob Zucker
Secretary-Treasurer .....	Leonard Lane
Council Representative .....	Patty Lyons

**G**UIDING the Junior Red Cross is Miss Alice Juringus, physical education teacher. Miss Juringus taught at Shaw before the war, but left to join the Red Cross. She served in the South Pacific and brought back many souvenirs to show to the homeroom representatives.

Last Christmas the Junior Red Cross had each homeroom make up boxes containing small items for the Marine hospital. The members also made eight Santa Claus suits for armed forces men acting as Santa Clauses overseas.

Probably the biggest task of the Junior Red Cross was promoting the March of Dimes campaign.

At a rally for high school students of Greater Cleveland Feb. 12, Dick Gascoigne was narrator.

Making comic books for Crile hospital was another project of this active organization.

Principal Marion C. Dietrich, who is chairman of the Junior Red Cross of Cuyahoga county, helped sponsor many of the projects.

Front Row — Sally Croven, Beverly Bluhm, Barbara Bottinelli, Patsy Callighen, Betty McKe, Dot Whitacre, Jean Goldberg, Shirley Morist

**I**N OUR homeroom the Shuttle solicitor is the most persistent person by far. There's never a minute goes by that he isn't telling us what a wonderful buy the Shuttle is.

He runs around the room with his tally sheet and his little receipt cards trying to talk people into buying a Shuttle. The solicitor must sell Shuttles to 75 per cent of the home-room to get a free one for himself.

If a solicitor gets a tough customer, he never stops trying, not a second. He keeps after the person, telling him he'll be sorry if he doesn't get one.

The thing this fellow or girl works for is to get his homeroom 100 per cent.

## Chess Club

Richard Beattie, Lawrence Wilson, Charles Fetheroff, Larry Friedman

President    Larry Friedman  
Secretary    Dick Schaeffer

**T**HE Shaw Chess club has been quite successful in that it has won three games, lost one, and tied one. The team tied was Cleveland Heights, the city champion.

The Chess club president, Larry Friedman, has won several awards, including the award for being the country's junior chess champion. Larry Friedman, Herb Groger, Dick Schaeffer, and Charles Fetheroff make up the two teams that oppose neighboring schools. Other active members are Richard Beatty, Jim Johnson, Jim Stern and Don Wesley.

At their meetings, the members plan and discuss new rules and moves. Before each meet, the members have individual contests and the winners are the ones that play in the coming meet.

**A** CLUB which offers a great source of enjoyment to its 20 or so members is the Shaw Whirlo Club. Every Tuesday night the club meets in Room 203, and skates after school on Fridays from 3:30 to 6:00 P. M. at Skateland. Here they skate at a reduced price of 25 cents by producing their Whirlo card. They may rent or own their skates and if they own them, they may take skating lessons after the regular sessions on Friday. The club initiates its members at Skatland. Whirlo emblems are given out on a point system, and each member must make 300 points from attendance, ability, and other qualities, in one semester before he can receive his emblem. All the Whirlo clubs of Cleveland held a banquet at John Hay High School, followed by a skate at Skateland. Shaw members are also members of the Cleveland Whirlo. Miss Harriet Carpenter acts as their adviser.

## Newspapering

**S**EEING a newspaper in the making was the chief experience of the journalism class this year.

The class was taken on a tour of the Cleveland News by Ray Turk, public relations man. Mr. Turk started the tour at the city desk and followed through all the phases of making a newspaper right to the big presses.

Flashes from the wirephoto room were observed by the class. Perry Cragg, photographer, took a picture of the students watching the presses.

Meeting Maurice Van Meter and Elmore Bacon were other highlights of the trip.
