SHAW HIGH SCHOOL
EAST CLEVELAND, OHIO
VOLUME 34

Forward . . .

ALTHOUGH a school the size of Shaw is composed of many kinds of people doing many kinds of work, there are some activities whose influence throughout the entire school is always felt. One of these is music. Believing that it forms a background for all of our lives, forms a thread tying together our school events, we have chosen a musical motif for this, the 1937 Shuttle.

MILTON G. NIERGARTH, Director

AS we look back over the events of the past year, as we review our recent triumphs and defeats, certain events, certain organizations are more prominent than the rest. Foremost in the minds of us all is a group whose work has won national recognition. In an attempt to show our admiration and our appreciation of them, we dedicate this book to Shaw's National Championship Band.

MEMBERSHIP in the National Honor Society is the highest honor which can be bestowed upon a student of Shaw.

Members of the Honor Society are chosen not only because of excellence in scholarship, but also because of superior character, leadership, and service. The teachers, whose recommendations are necessary for election to the society, are asked to judge the student on these points.

Thus it is evident that, since scholarship, character, leadership, and service account for the rating for membership in the Honor Society, only the best in Shaw are represented in this society.

Shuttle Business Staff

Advertising Manager ----- Monroe Deutsch
Circulation Manager ----- Martha Bischoff
Ass't Circulation Manager ----- Charlotte Sutcliffe
Adviser ----- Mr. Nelson Leist

BY holding sales and advertising campaigns the *Shuttle* Business Staff works to make the *Shuttle* a practical project.

The circulation department, by securing 850 subscribers, has this year surpassed the record of previous ones. Posters throughout the building aided in this sales drive. The originality of the staff in conducting its campaigns has contributed in a great measure to its success.

The advertising staff has sold, to the merchants of the community, space in the year-book, thus extending the influence of *Shaw* throughout the community and creating a feeling of good-will toward the school.

DURING eight years of active service, the Shaw *Observer* has proved to be a great asset to the student body by publishing past, present, and future events at Shaw, which might not otherwise be known.

This organization is a member of the Columbia Scholastic Press Association and the National Scholastic Press Association. It also has a chapter of the Quill and Scroll, an international honorary society for high school journalists.

Attending the Thirteenth Annual Ohio State Journalism Convention at Columbus on November 6 and 7, 1935, were Clifford Finch, Bob McNamara, Lois Hamilton, Kathleen Maloney, and Norma Hackstedde, accompanied by Miss Clendenen.

The credit for the production of the *Observer* should be given to the members of the editorial staff whose initiative and hard work make the school newspaper possible.

THE business staff of the *Observer* is responsible for the advertising and circulation of the paper.

This staff has progressed very rapidly under the efficient leadership of Alan Englander, the business manager. It is operating for the first time on a profitable basis. The recent success of the advertising department necessitated the addition of an extra page in one issue. This is the first time this has ever been done. Under the direction of Grace Essell during the first semester, the circulation was raised to 1500 copies, a record for a school publication.

It is this staff which makes the newspaper a financial possibility and success.

Student Council . . .

EXECUTIVE COMMITTEE
First Semester

SINCE its members are nominated and elected by the vote of the whole school, the Student Council represents the entire student body. Each class votes for its own members, electing a total of 30 members: 14 seniors, 10 juniors, and 6 sophomores, divided equally between boys and girls.

Organized to co-operate with the principal in the administrative work of the school, the Student Council as representatives of the student body discuss suggestions for changes in school activities and administration. Since it is dependent upon the whole-hearted co-operation of teachers and pupils, the Council is at all times open for suggestions and advice from students or members of the faculty.

HANDBOOK COMMITTEE

THE Handbook Committee of the Student Council consists of four members and a chairman, whose duty it is to gather material for, publish, and sell the Shaw Handbook.

These small red booklets are familiar to every Shaw student as they contain useful information on many points concerned with the organization and operation of the school.

A sales campaign is held once every semester.

LOST AND FOUND

CONVENIENTLY located in front of the Student Council office is the Lost and Found, one of the most useful projects of the council. A committee appoints one monitor for each period during the school day, as well as before and after school. On sheets of paper marked "Lost Articles" or "Found Articles", each mislaid object is recorded by the monitor in charge.

Each year the committee holds a clean-up sale at which long-unclaimed articles may be purchased by the students.

ORGANIZED fourteen years ago by the boys in one of Miss Lindsay's senior English classes, the Lotophagi Club is one of the oldest clubs in Shaw. Its aim is to aid in the development of creative writing.

In order to become a member of this organization an applicant must first submit a manuscript to be accepted by the club. The members bring their literary attempts to the meetings where they are criticised.

When the *Shuttle*, a monthly magazine, was in existence at Shaw, the students enjoyed the opportunity of publishing their work.

This past fall a discussion on play writing was held by several speakers, one of whom was Miss Nellie McCaslin, a former member of the club, who described her work in dramatics at Flora Stone Mather.

RANKING high among Shaw's major organizations, the Dramatic Club offers to every student at Shaw an opportunity to participate in plays and provides entertainment for those who are less talented.

The programs at the meetings consist of groups of one-act plays which are given by the members of the Dramatic Club. Among these presented this year were "The Bugman", "Rest and Quiet", and "Bottled in Bond".

The Dramatic Club participated in the Christmas program which was presented this year. The main point of interest to the student body in connection with Shaw dramatics is the annual mid-year play. This year's presentation was "The Second Fiddle", a story of the dilemma of a young man who found himself in trouble.

NOVEMBER 29, 1932 is a date of importance in the history of Shaw extra-curricular activities, for it marks the first official meeting of the well-known "Societas Latina Shaviensis", the Shaw Latin Society. Since then, under the guidance of Miss Linnie Arnold, it has become an integral part of Shaw life. It is informally known as the Latin Club.

The club's motto is "Facere Quam Dicere,"—"To do rather than to say." Meetings, which take place every other Tuesday during the school year, generally consist of programs dealing either with Latin itself or having Latin backgrounds. Every year a Latin play is given, and a picnic is enjoyed.

Membership consists of those persons who enjoy "Latin for Latin's sake" with many intending to make good use of the knowledge thereby obtained. It has always been customary for this organization to participate in charitable activities.

LE Cercle Français, more often referred to as the French Club, has been active for about six years. The purpose of this club is to help its members to increase their fluency in speaking French, and better to acquaint them with the history, current events, and people of France.

A very satisfactory point system is used by this organization in helping to determine the standing of members. Since a minimum of 75 points is necessary for one to be in the *Shuttle* picture, it induces everyone to participate in the club activities, making the meetings lively and entertaining. Talks, weekly forums, and the playing of French games make up the programs. The two outstanding social events of this club are its annual dinner held at the end of the first semester, and its picnic at the end of the second semester.

THE German Club was organized in 1928 as "Der Deutsche Verein." Under the supervision of Miss Woodward, its meetings are conducted in German, helping the students to acquire a speaking knowledge of the language, particularly of words and phrases used in parliamentary practice. Even the club's minutes are kept in the language it is studying.

The entertainments include short German stories and plays, as well as German games, talks on Germany, and the singing of German songs.

Membership is limited to second-year students.

FOR the last three years, the Globe Trotters' Club has brought entertainment and enjoyment to many Shaw students interested in geography and travel.

In planning their programs, the committee tries to fulfill the club's purpose, that is, to promote the pupils' interest in travel and the world in which we live. Thus, during their meetings, they have speakers who have traveled to the four corners of the earth, while at other times members tell about trips they would like to make, their possible route, and what they would like to see. With these talks, slides and moving pictures are shown. Two of the most important events of the club are the planning of the Christmas basket, and the holding of the annual picnic.

A NY student having a grade of C+ or better in history is eligible to join the Shaw History Club, organized to create and maintain an interest in history, past and present. As a result of the death of Mr. Edward Struggles, Mrs. Helen Craig has become the adviser for the club.

The meetings, held every two weeks, are conducted according to the parliamentary law of the club. After the business of the meeting has been transacted, a program, prepared by a special committee, follows. These programs consist of reports on places which various students have visited. Among other speakers, Miss Barnaby gave a talk on world history.

During the course of the years the members have conducted preliminary presidential elections, have made trips to Cuyahoga County Court House, and to the Warrensville reformatory, and have held a joint meeting with the Heights History Club.

IN a very short time the Shaw Law Club has become one of Shaw's more prominent clubs. The Law Club, for both boys and girls, was organized with the purpose of giving students a basic insight in civil and criminal law. In carrying out its purpose the club has been host to an ex-congressman, lawyers, and other prominent men, who have spoken on many phases of law.

The programs held during the Law Club meetings prove very interesting as a result of the efforts of a committee whose duty it is to arrange them. The Law Club, although a comparatively new organization at Shaw, has grown rapidly. Membership in the club is not limited to those taking the law course but is open to all who wish to join.

ONE of the oldest organizations at Shaw, the Debate Club, sponsors inter-mural and inter-scholastic contests in debating, oratory, and extemporaneous speaking throughout the year. At the end of each semester, on honor day, the club awards pins and gavels to the winners of the inter-mural debating and speech contests.

In furthering the interests of the club, contacts are established with other schools, and the club members sometimes visit other schools to see what is being done in speech work. Through the club, a chapter of the National Forensic League, which holds a national contest in speech work, has been organized. Membership in the National Forensic League is obtained through a point system in which points are given for inter-scholastic speech work.

Joe Thiel won all laurels in extemporaneous speaking this year, winning first place in the Lake Erie extempore speech contest.

The debate team met Wooster, Niles, Canton, Struthers, Kent and Brush in "tune-up" debates and succeeded in winning more than fifty per cent of them. In Western Reserve Debate League competition Shaw enjoyed great success defeating Collinwood, Heights, Holy Name, and Brush.

Art Club

IN 1922, the Shaw Art Club was organized to further the interest of Shaw students in art of all kinds. Membership in the club, not being restricted to those taking art as a major subject, is open to every Shaw student.

The members of the Art Club make posters and signs announcing events at Shaw such as sport events, concerts, stage productions, and social affairs. They also paint stage settings and scenery to be used in Shaw productions. In this way the club is of great service to the school.

At Christmas the club works in metal-craft, pottery, and greeting cards, all designed by the students. Last Christmas the club held a very successful greeting-card sale. Occasionally articles produced by students are offered for sale.

One of the club's most recent projects was that of soap sculpturing in which the members made many amusing and distinctive figures.

THE Senior Friendship Club offers to the members of the Junior and Senior classes of Shaw an opportunity to become acquainted with those girls whom they do not meet in classrooms.

During the past year this club has sponsored several dances and sent baskets of food to needy families during the Thanksgiving and Christmas seasons. In November the Friendship Club united with the Hi-Y to give the second annual Senior Friendship Club—Hi-Y dinner.

Many speakers, including Rev. Howard Wells, who spoke on Armistice day, Miss Elizabeth Kardos, from the Darvis School of Fashion, who spoke on fashion, and Miss Mary Penberthy, who spoke on charm, have addressed the club.

The Ring Group, made up of girls intensely interested in the Y. W. C. A., has visited many interesting places among which are Chinatown, the Harvey kitchens, and churches of different sects. At the end of the year, at a formal ceremony, Girl Reserve rings are awarded to members of the Ring Group.

THE one branch of the East Cleveland Y. W. C. A. which is endeavoring to create and maintain friendship among the girls, not only of Shaw but also of the whole community, is the Sophomore Friendship Club.

Members of the Sophomore Friendship Club consist of any Sophomore girls who wish to join. Upon becoming Juniors and Seniors, they may enter the Senior Friendship Club. Recognition services are held annually for new members. Following these services, mother and daughter teas are held in the cafeteria.

The entire club meets every other week; a cabinet meeting being held the alternate week. Some of their programs have included such speakers as Miss Florence LaGanke on personal charm, Miss Kennan on Latin customs, and Miss Gill, of the Higbee Company, on makeup. A style show was another distinctive feature.

Large baskets were sent to needy families at Thanksgiving and Christmas. A joint meeting of the Sophomore and Senior Friendship Clubs was held last Christmas. The program consisted of a short play called "No Christmas for Horace" in which the girls of both clubs participated.

Philomatheian Club . . .

President ----- Olive Marsh
Vice-President ----- Lois Walker
Secretary ----- Myrtle Sheridan
Treasurer ----- Martha Bischoff
Program Chairman ----- Jane Halpin
Adviser ----- Miss Mary Morrison

ONE of Shaw's largest organizations, The Philomatheian Club, has for the last six years afforded instructive enjoyment to those interested in reading for pleasure. The club was organized to promote interest in the following subjects: science, drama, history, travel, fiction, and biography. For each of these there is a standing committee provided for in the club's constitution.

Programs are prepared by each committee in turn. Thus, if one day the subject is history, there will be reports with discussion on recent outstanding books on history; another afternoon, the subject may be biography. In this manner much of the best modern literature is made material for discussion and comment.

Occasional teas are held during the year and lecturers sometimes talk on various subjects. Like other clubs, the Philomatheian Club holds taffy sales and donates Thanksgiving and Christmas baskets to needy families.

At the close of each year, as a grand finale, it holds a picnic or theater party.

A Capella Choir

THE A Capella Choir, most advanced vocal group at Shaw, consists of Shaw students who are not only interested in music, but who also attend chorus classes five times a week.

In an effort to raise money to buy robes for the choir, the members presented a comic operetta, "Tulip Time". Some of those who had important roles are: Violet Peterson, Esther McKechnie, Harriet Hopkins, Wallace Metzger, Elmer Pesta, Jack Lee, Bob Dysert, Lillian Whipple, Jack Spate, and Shirley Morris.

As is the custom, the choir sang at the mid-year and June commencements. Among its other accomplishments, the A Capella Choir sang at the Christmas program, and presented a broadcast over station WHK, February 13.

The senior choir participated in the Lake Erie League Music Festival at Lakewood on March 13, and in the Greater Cleveland Music Contest April 30. The choir also took a large part in the Spring Concert presented at Shaw during April.

The group meets under direction of Miss Florence Shaffer, and is accompanied by Gordon Hoddinott and Jeanne Mihalcik.

ONCE a week in Room B-11 a large group of girls, making up the Girls' Glee Club, holds its regular meeting. This organization is as old as Shaw.

At each meeting, the girls present a program for the entertainment of the club members. At the end of the first semester the program took the form of a party in honor of the girls who were graduating in the mid-year.

The most important undertaking of the club was the holding of a dance last semester. Among other activities, the glee club took an important part in the operetta, "Tulip Time", most of the members singing and dancing in the chorus.

Boys' Glee Club

President ----- Jack Spate

Accompanist ----- Gordon Hoddinott
Adviser ----- Miss Florence Shaffer

ALL Shaw boys interested in music, and who enjoy singing meet once a week in Room B-11. This group, the Boys' Glee Club, sings under the direction of Miss Florence Shaffer. The glee club was one of the first groups to organize at Shaw.

The Boys' Glee Club took part in the operetta "Tulip Time" by singing and dancing in the chorus. Since the operetta, practice for the big event of the year, the Spring Concert, has occupied many of the club's spare moments. Indeed, for some weeks prior to the Spring Concert, the boys have practiced on Tuesday and Thursday evenings of each week. One of the necessary services rendered by the members of the club during this year's Spring Concert was the special number while scenes were being changed.

Orchestra . . .

FOR the first time in the archives of Shaw instrumental music a Shaw orchestra has entered the bi-annual Greater Cleveland orchestra contest. This was accomplished in the face of greater difficulties than any Shaw orchestra had ever faced. Asserts its director, Mr. Milton G. Niergarth, "Because of the difficulty of scheduling people for orchestra classes during the past few years its prominence in Shaw musical life has been lessening perceptibly, and rehearsing has been forced to take place after school." However, there is a very small orchestra class meeting every second period during the school week in the "Band Room."

More than two-thirds of the orchestra, which ordinarily consists of 35 musicians, are members of the bands, there being only eleven (mainly violinists) who belong solely to the orchestra. For this reason the orchestra has not been organized as a club. Its nominal duty is to provide music for plays, concerts, and commencement exercises.

Eleven Shawites qualified for the national solo contests held at Columbus by ranking highest in their divisions in the Greater Cleveland solo competition. They were awarded places on a basis of one winner for every ten entries. They were: Vincent Pattie and Hildred Lintner, B-flat clarinet; Paul Kluga, Bass clarinet; Irene Wood, E-flat clarinet; Richard Ruggles, oboe; Stanley Harris, violin; Sterling Beck and Harold Lynn, alto saxophone; Philip Herter, trumpet; Julian Leet, French horn; and Jack Smith, tuba. Moreover, Dick Jones and Jack Tongring qualified as alternates in the drum-major and tenor-sax divisions. Shaw, with eleven winners and two alternates, had more national entries than any other Greater Cleveland school with the possible exception of John Adams.

ORGANIZED by students wishing to learn more than is included in the high school course, the Physiology Club holds a position all its own among Shaw activities. The membership of the club has been limited to a very small number to enable it to work more efficiently and to be able to visit hospitals and other points of interest. The club's programs include general discussions of anatomy, dissection, amoeba, bacteria, and diseases. Dr. C. C. Dundon spoke on tuberculosis at one meeting. Disease processes and new types of anesthesia have been two phases of physiology which have particularly interested this group.

During the past year the club has visited several factories such as the Warner & Swasey, the Cleveland Tractor and the White Motor Companies, as well as attending the Steel Show. Mr. W. T. Clark, of the Electrical League Staff, has spoken on Electrical Engineering and Mr. W. H. Jarrett, from the Hemphill Diesel School, has talked on the marvels of Diesel engines at regular meetings.

As a special project the club has been selling, within the school, copies of the *Reader's Digest* at a reduced price.

ALTHOUGH the Chess and Checker Club was founded in the spring of '36 by Willis Liske, it is probably one of the best-known Shaw clubs. This may be traced to the club's habit of holding informal competition and free teaching in the cafeteria nightly after school.

The club's purpose, as specifically stated in the constitution, is "the encouragement of chess and checkers and the bringing together of their players." Each semester a tournament "to determine the outstanding players of Shaw who will form a team to compete with other schools" is held. In the history of the club, Henry Green has yet to be successfully dethroned from the chess championship. Charles Meissner is the second semester checker champion.

In interscholastic chess competition, John Adams has been met and conquered by a 9 to 6 margin, and an even split, 3 victories apiece, was garnered from Glenville.

ALTHOUGH the casual observer might expect to find only very scholarly individuals in a mathematics club, the Math Club of Shaw is made up of students who enjoy a bit of nonsense with their "figgers." The meetings often end in gay hilarity resulting from some ridiculous, perhaps impossible, problem. In its more serious moments the club has discussed cryptography, forms of higher mathematics, and "short cuts."

One serious discussion ended immediately when John Lenox, working a problem the long way, finished before Henry Green, who was demonstrating a short method.

To pay for its picture in the *Shuttle* the club sponsored a taffy sale. The picnic in the spring, when even Mr. Brown forgets his dignity, is the big event of the entire year.

Rifle Club . . .

President ----- Clarence Riewaldt
Vice-President ----- Richard James
Secretary-Treasurer ----- Neal Waldron
Adviser ----- Mr. B. G. Boggs

THOUGH one of the Shaw's younger organizations, the Rifle Club has grown during the last few years. This club was organized to create an interest in marksmanship as a hobby which can be continually practiced through the greater part of one's life.

The meetings are held at Kirk Junior High School from seven until ten o'clock every Thursday evening. Each member brings to the meetings his own twenty-two caliber rifle and bullets. A small fee, collected at each meeting, is used to buy the official rifle targets which are used by all the members. Each meeting is a contest in itself; the scores of the various members are averaged and those having the highest averages make up a team.

Clarence Riewaldt and Francis Fisher have shot perfect scores several times. Those who are not on the team have been improving continually in their marksmanship. A meet with West High School was won by Shaw by the score of 846 to 783.

Photographic Club

President ----- Lawrence Cable
Vice-President ----- Dick Jones
Secretary ----- James Nassau
Adviser ----- Mr. Oliver N. Craig

IN 1933 a group of Shawites, in order to promote and encourage interest in photography, organized the Photographic Club.

Each member brings his camera to the meetings where, if he is an old member, he describes his camera to the new members. If, however, the member is new and there is something about his camera he does not understand he sets this before the other members who explain it to him. Mr. Craig frequently explains the method of developing films to the club. He also demonstrates the fine points of picture taking and developing. These include the angles for picture taking, lighting, enlarging, and various qualities of paper used for pictures.

The members also have taken short trips to locations where they can get various types of photographs: for instance, a picture of a large bridge or of a landscape. The club has visited the Eastman Kodak Company, Nela Park, Case Observatory and other places of interest.

“CLEAN speech—clean sports—clean scholarship and clean living.” Simply and concisely, these words, the motto of the Shaw Hi-Y, express the very essence of that organization which was founded in 1921 by Mr. E. V. Rasmussen “to create, maintain and extend throughout the school and community high standards of Christian character.”

Today the Hi-Y consists of seven chapters and boasts of a membership of over 140 Shaw students. The past January 11 marks the date of greatest attendance in the history of the club. Average attendance is approximately fifteen to eighteen members per club.

Each spring the Hi-Y sponsors a show with each of the chapters participating in separate, self-originated skits. In past years these shows have been outstanding successes and have, more than anything else, brought East Cleveland to take proper notice of its premier youths' organization. Every semester the club publishes a program of coming events, and during the spring holds swimming and baseball tournaments.

Harold Goss, former president of the combined chapters has been successively elevated to the leadership of the city and state Hi-Y councils, an honor reflecting greatly upon himself and the Hi-Y.

AS a very instructive organization the Shaw Stamp Club gives its members an opportunity to acquaint themselves with the various phases of collecting and manufacturing postage stamps. The members of this club include not only advanced but also beginning stamp collectors.

After the business of the club has been transacted, the members discuss new issues of stamps or talk about favorite stamps. The programs also feature trading, reading of articles and, for diversion, a few games.

To create an outside interest in the activities of the club, the members have placed several stamp exhibits in the display cases in the front hall. During National Philatelic Week in November they exhibited several more general displays including books on stamps, as well as many unusual stamps, catalogs, and magazines.

AT the close of the 1936 football season, Shaw's lightweight team had chalked up its sixth Lake Erie League championship.

When the football season first began, Coaches Nunemaker and Vivian had to build up a new team as none of the lettermen returned this year. The results were evidence of the time and energy spent in practice. The lighties met with only one defeat handed them by a powerful, hard-fighting Parma eleven. They played through the league games with success, being beaten by none and tied only by Heights in the last game of the season.

LED by the high-scoring center, Tom Stahre, and the flashy forward, Jack Messner, the Shaw heavyweight basketball team completed its season with a victory at the expense of University School. The final record was ten games won and five lost. Walter Karpy, star forward, suffered an arm injury which handicapped the team.

This team was coached by Trevor Rees, because of the illness of Mr. Wisecup.

The outstanding events of the season were the first Heights game and the first Lakewood game, in which the team held Whitey Bocora, star Lakewood forward, to thirteen points.

Coach ----- Mr. Martin Loftus

PACED by their high-scoring captain, Bill Kavanaugh, Shaw's reserve basketball team completed this year's season with but one defeat, by Shaker. Piloted by Marty Loftus who, as a result of Mr. Wisecup's illness, took over the coaching of the team, this team won an undisputed Lake Erie League title. Bob Wormald and Bud Taylor also captured scoring honors.

Playing fast and snappy basketball, the team showed that it had those qualities essential to a good basketball team.

Although many of the lettermen will be on the heavyweight squad next year, there are a number of substitutes who promise to make a fine showing.

Track . . .

Coaches ----- } Mr. E. C. Offinger
 } Mr. William V. Nick
 Manager ----- Roger Lindsey

SHAW'S 1936 Track Team had a very successful season. It took second place in the indoor Public Hall Meet.

The Shaw High Relays, an exhibition with Shaw, East Tech, and Collinwood, opened the outdoor season. Shaw then journeyed to Athens, Ohio, to tie East Tech for top honors in the Ohio University Relays. The distance medley relay team, consisting of Pocock, Madden, Kalstrom and Curtis, set a new record in this meet. The time was 8:07.8. Heavy rains caused postponement of both the Collinwood and Heights dual meets. Then Shaw proved its prowess by romping over U. S. by a score of 77 to 46. Jerry Cadiou took the individual honors in this meet by winning three firsts and two seconds. Shaw then, for the third successive year, took first place in the Lake Erie League Meet.

In the State Meet, the one which every track man holds as goal, Shaw's Bob Curtis proved to be the most sensational runner of the year, establishing a new world record. He reduced the great Glenn Cunningham's time by a full tenth of a second. Curtis' time was 4:24.6.

Individual honors go to Bob Curtis, to Jerry Cadiou, and to Gilbert Kalstrom; to Bob Curtis for his consistent first place in both the mile and half-mile runs, to Jerry Cadiou for being the high-point man of the season, and to Gilbert Kalstrom for his election as captain of the 1937 track team.

Swimming

Coach ----- Mr. Douglas Vivian
 Manager ----- Roger Dyke

AT the beginning of the swimming season, an inter-class meet was held to find new material for the Shaw swimming team. The meet ended with the seniors nosing out the juniors, 39 to 35, and the sophomores trailing with 24 points.

The year's team included two consistently winning entries, the medley relay team and the breast stroke. Starbuck, back stroke, Eddie Rosenberg, breast stroke, and Bob Gilcher, free style, comprised the medley team. This team won every meet except at University School where they were disqualified, and the State, where they came in second. At the Lake Erie League meet, the team set a new record of 1:27.2. Rosenberg won every meet he entered, breaking every pool record wherever he swam. At the State meet, Rosenberg set a new state record with the time of 1:08.5, and at the Northern-District meet he swam in 1:07.7 breaking the pool, state, and Northern-District records, tying the National Prep School record, and beating the winning time of last year's Scholastic meet. He also set a new Lake Erie League record in 1:09.2.

In the Relay Meet at Lakewood, the medley team, the only Shaw team entered, won first place.

FOR the past ten years, Shaw has been represented on the tennis courts by very successful teams.

The first meet played with Lorain, Lake Erie League tennis champions, proved to be the most difficult. Shaw failed to win a single match, although Kavanaugh showed the best playing. Against Lakewood, Kavanaugh turned in the first winning match, and the only one in the meet for Shaw.

In the last meet of the season, Shaw defeated Elyria. Kavanaugh turned in his second win of the season, 6-2, 6-2. Harry won 6-3, 7-5 and the doubles team of Shaps and Wolf won 6-2, 7-5.

Although the team will be weakened this year by the loss of Allen, Harry, Shaps, Williams, and Thorward, Coach Offinger predicts a season and team "better than any Shaw has had for a long time."

LAST spring, playing in the newly organized metropolitan baseball league, Shaw High School won the central division championship. The league is divided into three groups, eastern, central, and western. In the play-off for the city championship, Shaw lost to Collinwood, even though they had previously beaten Collinwood three times in league play. Unfortunately, in this game, Armand D'Anna, Shaw's star pitcher, was ineligible.

The outstanding players on the Shaw team were: Fred Steger, left fielder; Bob Sprenger, center fielder; Max Meltzer, third baseman; Ralph Leopard, shortstop; Ed Miller, first baseman; and John Sullivan, pitcher.

The more important victories for Shaw were the three games from Collinwood, two games from Heights, two games from Akron East, one game from Warren, and the final game with University School, in which the team beat Tommy Adams, five to three.

Cycling Team

THERE are but few high school cycling teams throughout greater Cleveland, yet Shaw's interest in the sport inspired a three-man team to represent the school in amateur and high school races.

The members of the team, which was managed by Brendan Healy, were Fred Steger, Harrison Voight and Al Ryder. The team placed third in the News Gold Bar races held sometime ago in the Cleveland Stadium, after winning the semi-finals on the Shaw track. Steger was outstanding for his endurance, while Voight and Ryder shared the duties of sprint experts.

The team has always been among the first five in all their races.

Jack Hoag trained the team.

AS the foundation for all of the girls' athletics, the Athletic Council serves to organize and promote many sports during the school year.

This organization sponsors volleyball in the fall, basketball and winter sports in the winter, tumbling and baseball in the spring. Riding, life saving, and swimming are offered all year. Each sport is managed entirely by one girl and her assistant. When the head of a sport graduates, her assistant becomes the head and a new assistant is chosen. This year the Athletic Council elected a new member to be assistant treasurer in charge of all financial matters. Hiking has been discontinued as a special sport, but is included with winter sports.

Since ability in athletics and leadership form the basis for membership in the Athletic Council, it is a great honor.

Leaders' Club

Red Leaders

Black Leaders

AS the size of the girls' gym classes prohibits the teacher's giving any one individual much attention, the system of leaders has been adopted. Within each class small divisions are made, each having a leader as its head. The leader is thus able to give her attention to each of her squad, helping them to become more proficient in athletics. At the leaders' meetings they are given instruction on new activities, told how to help their squads, and are taught how to organize the classes more efficiently. As the Leaders' Club serve as assistants to the instructors, only those persons who are capable and also have desirable personality traits are chosen as members.

VOLLEYBALL as an after-school sport was first started in the fall of 1929 because of a need for gym activities in which a large number could participate. This year the sport made a fine showing, with Marjorie Tissot's team being the 1936 champions.

At the end of the season the best players from all the teams were chosen to play in the Yale-Harvard game. After a hard-fought game, Yale finally came out the winner. Those who played in all of their scheduled games and passed a volleyball test received points and awards.

BASKETBALL as a girl's sport has become very popular recently, so that during the winter season one may find girls almost every afternoon in the gym playing in tournaments. From the best players in the after-school tournament, the members of the Army and Navy teams are chosen. To be chosen a member of the Army or Navy team is one of the high honors that may be accorded to a girl in the athletic department. After the game, which was won by the Navy this year, the annual leaders' tea is held, to which the girls' parents and teachers are invited.

Basketball is rapidly coming to the front as a girl's sport, as shown by the number of teams that have been organized.

MEETING every Thursday night in the swimming pool, is the Life-Saving class, made up of those who wish to pass the Junior or Senior tests. The girls in the class this year have successfully shown that they are capable of passing these tests which include such items as: treading water 30 seconds, disrobing in deep water, surface diving to recover objects, and motionless floating.

Anyone who has ever examined the list of qualifications for either the Junior or Senior tests knows the hard work and ability necessary to fulfill them. Besides being taught numerous "breaks" and "carries", the life savers are instructed in artificial respiration and similar related topics. The tests are part practical and part theoretical. Seniors are required to write an essay on Life-Saving and to answer oral questions. Upon passing the test the girls are qualified to serve as guards anywhere in the United States.

AFTER the Life-Saving class ended, the enthusiasm for swimming remained so great that a Tarpon Club was organized for all girls interested in that sport.

At the tryouts for the Tarpon Club prospective members are required to swim four lengths of the pool over-arm stroke, two lengths back stroke, two lengths side stroke, (one on each side) two lengths breast stroke, and to do a plain front dive.

Under the direction of the Tarpon Club, an inter-class swimming meet was held this spring, in which members of the senior, junior, and sophomore classes took part.

As one of the newest organizations at Shaw, the Tarpon Club promises to become an integral part of the life at Shaw.

Knock, knock. Who's there? Loftus. Loftus who? Loftus 'ead off at that one.

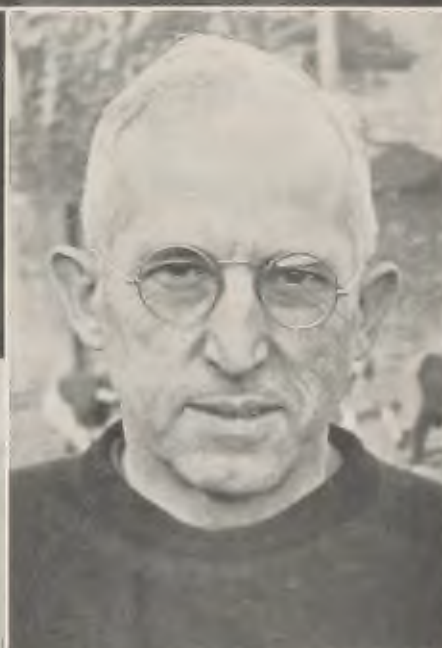

DOUGLAS VIVIAN

H2O, H2O. Put our boys in and watch 'em go.

NOAH NUNEMAKER

How do we No-ah that he can coach? Just look at his teams.

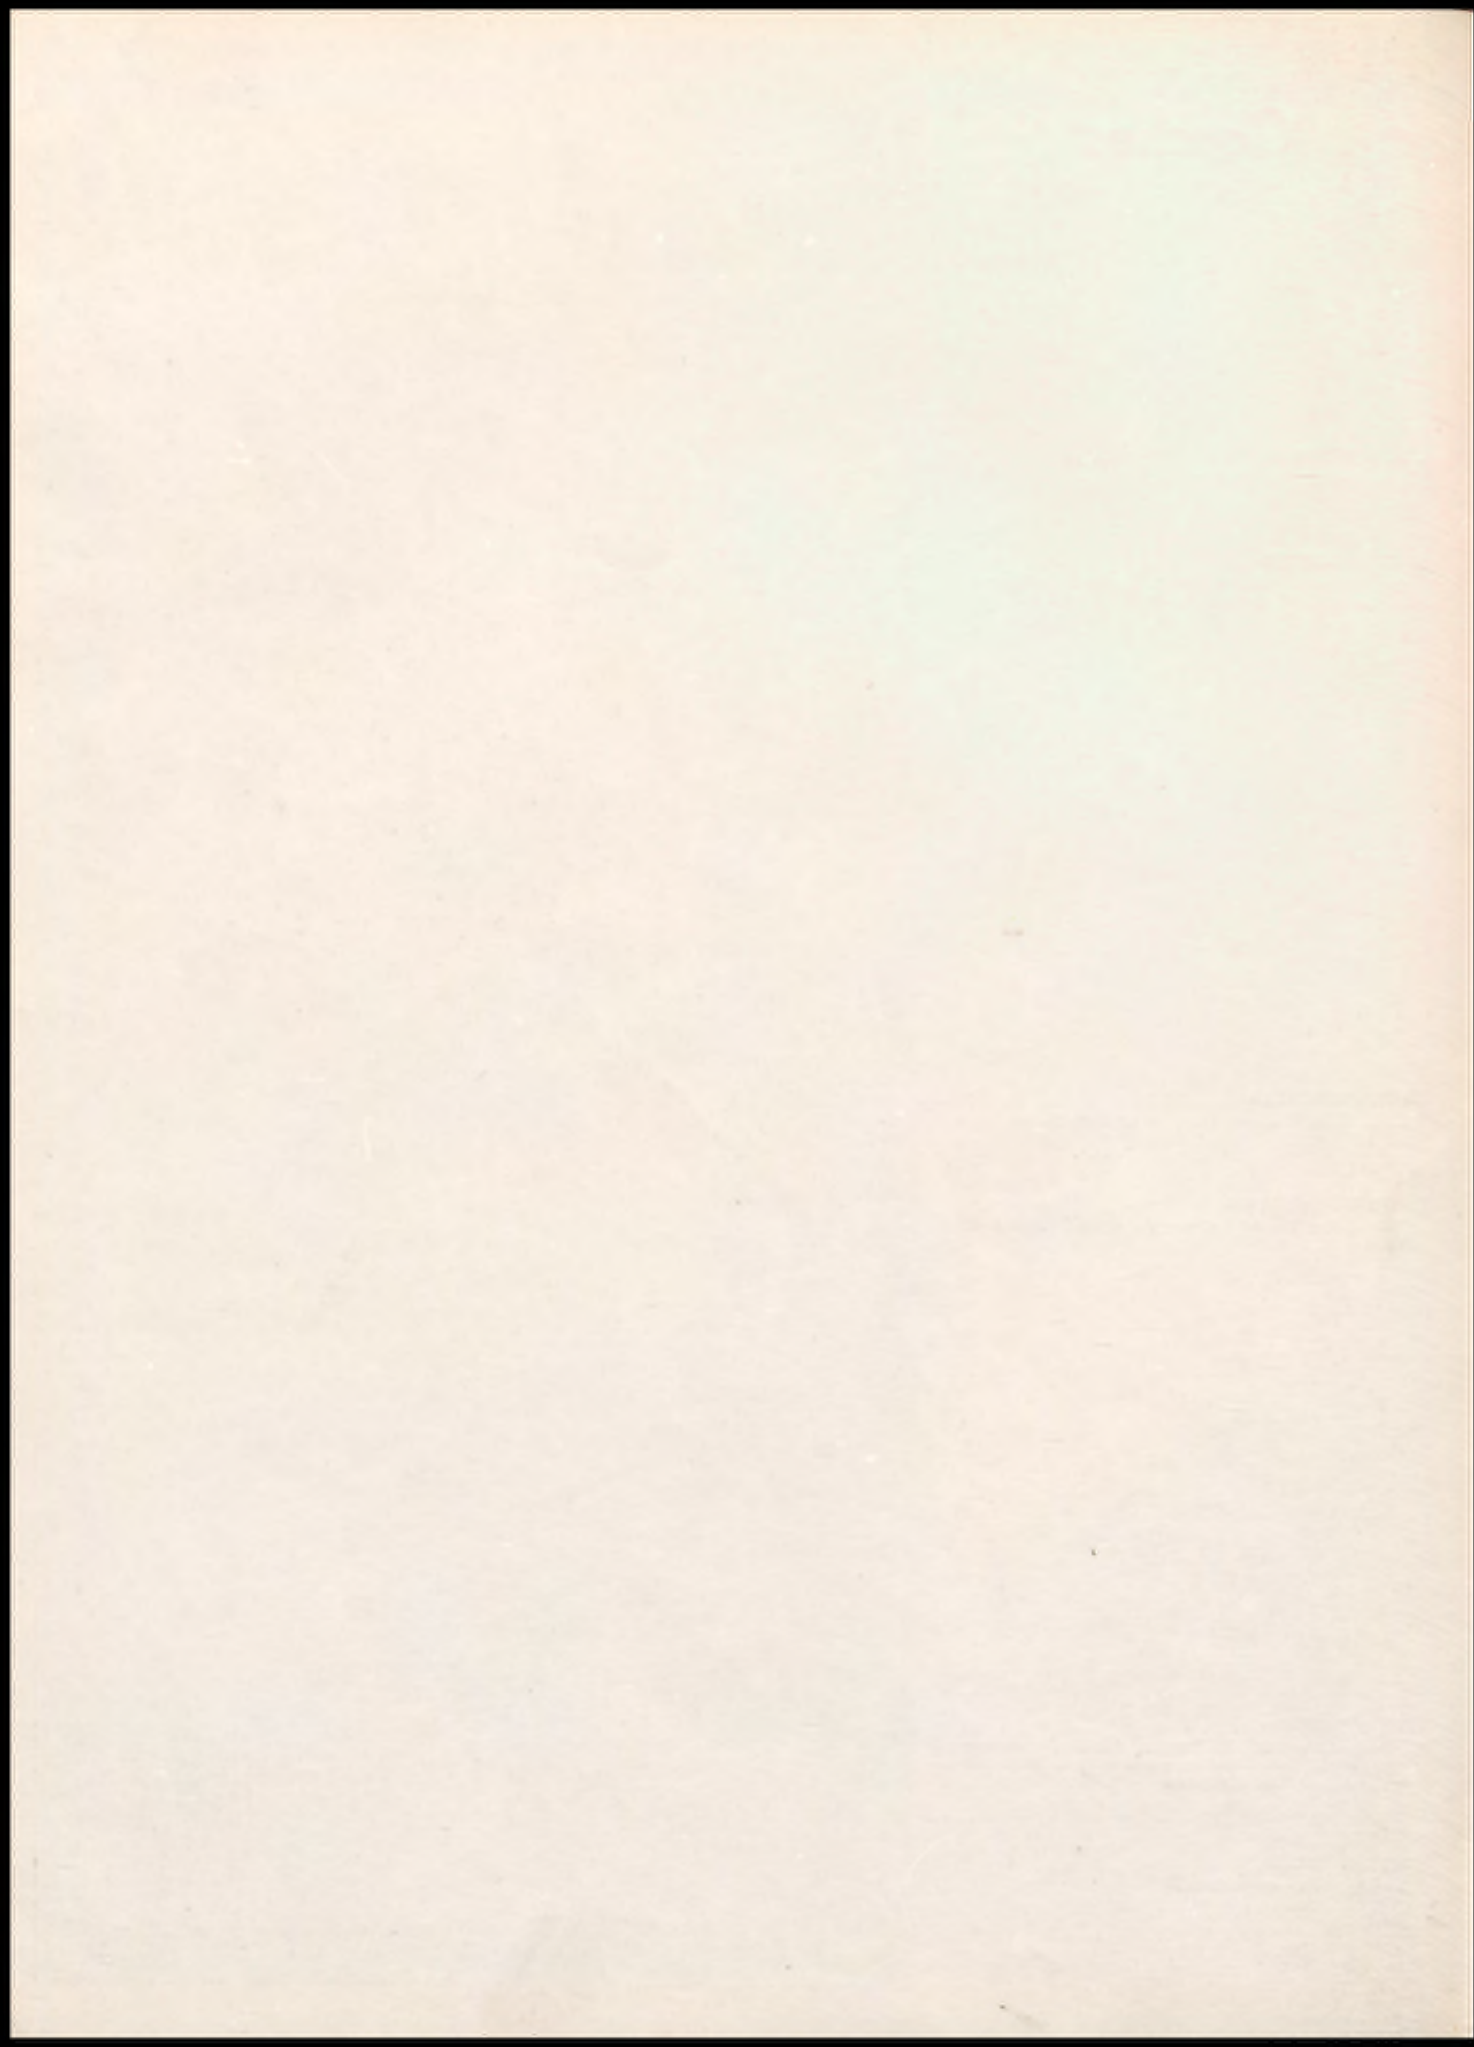

ROY WISECUP

Criminal record: Hit and run driver, promoter of strikes and base stealing,—generally carried out on a seventh-inning stretcher.

TREVOR REES

Venit, vidit,—et vicimus.

Ask for "Howie"

TEN YEARS AGO (1926-27) Shaw's athletic hero "Howie" Whale, was warming the hearts of Shaw Students and Cleveland Sport fans with sensational touchdowns, baskets, and base hits. Today—ten years later as Vice-President of East Cleveland's most thriving Coal business he is carrying the old Shaw spirit, that winning smile and that determination to please into the business of "Warming the homes of these same fans."
