## **Shaw High celebrate**

• **First graduating class had 4 people**

By PHIL WIELAND

It's been a long time since John Shaw stipulated in his will that 50 acres of his estate be used to support a school to be named after him.

His bequest was the start of Shaw Academy which became Shaw High School in 1878. The first graduating class from the high school will be watching in spirit this week as the school celebrates its 100th birthday.

Things have changed quite a bit since John Shaw wrote his will which stated the school must be built within one year of his death and cost no more than \$2,000.

Shaw Academy was built for a mere \$623.41 and offered courses in the Male Department including reading, writing, arithmetic, grammar and geography along with other studies for business or college preparation.

The Female Department offered the same primary courses but also offered natural history, natural philosophy, math and intellectual philosophy. There were four terms of 11 weeks. Primary courses cost \$3 and others were \$4.

Costs have changed rather dramatically from that \$623.41 to today when the East Cleveland School Board is spending \$7.8 million for renovation of most buildings and construction of a new elementary school.

In 1851, before the academy became a high school, the Ohio Legislature approved the sale of the Shaw farm with the proceeds to be used to operate the school. The interest from the \$5,000 sale price was the annual income of the school.

The board now operates a budget of several million dollars. The first graduating class of four people — Burt E. Howard, Sarah Hornbrook, Lucy Dean and Jessie Burton — would probably stand in awe of the 436-member graduating class of the past June.

There have been a number of distinguished graduates of Shaw high ranging from company presidents, leaders in the halls of academia to an actress and sports figures.

They include movie star Eleanor Parker, former professional football player Tom Matte and former Oberlin College president Robert K. Carr.

There will be a number of seminars with past graduates as the key speakers during the afternoon Friday followed by a fish dinner and barbecue that evening. Friday night is the Homecoming football game between Shaw and Parma.

Saturday morning will be an alumni registration followed by a noon luncheon and a performance by the Shaw High School Band. There will be tours of the city in the afternoon.

Activities will conclude on Sunday with a noon dinner at Manakiki Country Club where Peter Linke, a descendent of John Shaw, will be the featured speaker.

Graduates who wish to share in the centennial spirit can contact the school at 431-1750 for more information.

You can bet John Shaw will be one of the spirits present.

**BIRTHDAY BABY** — None of the original buildings of the old Shaw High School remain. The oldest structure is this one completed in 1906. It cost \$97,000 and was the largest in the state at the time, according to a program announcing its completion. There have been several expansions since this structure was built and while the exterior of this building still stands, the interior is being totally renovated. The school enrollment that first year was 196.

# A NEW LOOK

## Academy Building Renovation

After 100 years Shaw High has only just begun! Among the plans for the Cardinals is a total renovation of the Academy building. Students, faculty and administration were asked to "squeeze" into the Tech building, the Vocational Building, Prospect and the Annex after losing 23 classrooms.

Mr. Lloyd's office?!

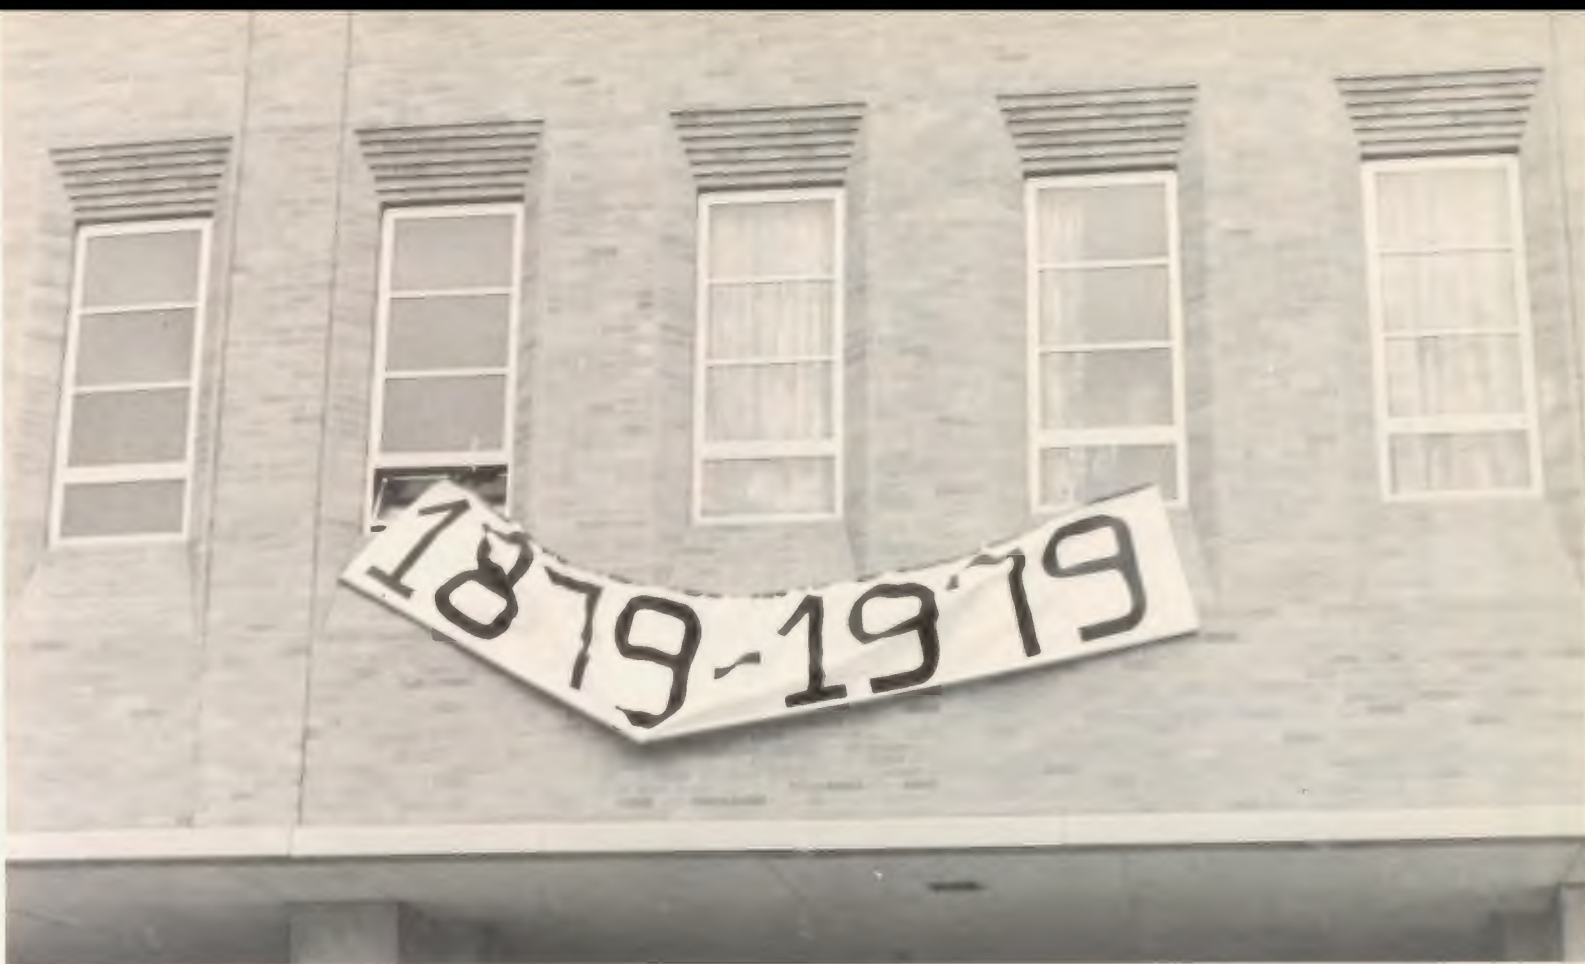

Dr. Booker addresses the 1979 Convocation

The Chefs: S. Lloyd and M. Bassett cook for the alumni centennial celebration.

**Continued:**

**This meant a new time schedule for most with seniors being dismissed at 1:04 and Freshmen sleeping in until 10:30. The renovation work began in September, 1979, with an anticipated completion date for the 1980-81 school year. All that is heard now in the Academy building is the sound of hammers and men at work gutting an old building that was held close in the hearts of many!**

**Class will come to order! not this year as the Academy building takes on a new look.**

# OUR KING

**At Right: Rodney Butler 1979-1980  
Homecoming King**

**The 1979-80 Homecoming King is as a lion  
reigning over his kingdom.**

**Rodney Butler, 1979-80  
Homecoming King, had the  
following to say about being  
King:**

**I feel my responsibilities as  
HOMECOMING KING include  
just being myself. The title of  
Homecoming King means  
reigning over the Homecoming  
festivities. This is a  
responsibility that is understood.  
My personal responsibilities  
include helping to promote  
school spirit and pride. The  
public's eye will constantly be on  
me, therefore I must have and  
show a positive attitude toward  
my school and others. Since the  
responsibilities of Homecoming  
King are not written laws, they  
are really what you make them.**

# OUR QUEEN

My responsibilities as homecoming queen are to be congenial, have a positive attitude towards school and to maintain good grades.

When I ran for homecoming queen my main interest was not to

win but to participate in an activity that I could enjoy and really step out of the crowd and be noticed as an individual.

I realize my responsibilities include not only what I did on Oct. 26, 1979, but also

what I do throughout this 79-80 school year. I believe in Shaw High School and I, as the 1979-80 homecoming queen, will do all that I can to encourage a positive image among my classmates.

Ms. Annita Oliver.

Below right: Selma Gamble, Principal, presents the 1979-80 Homecoming Queen.

At Right: Dr. R. Edwards congratulates #20 Tyrone Storrs.

# CAREER DAY

Shaw High School Students ask the representative from the Nursing Association about her career.

Norbert Conner ponders an engineering career with a representative from G.E.

Hundreds of local and national companies participated in the Fall, 1979, Career Day activities. Throughout the day the entire student body visited the gym and was given the opportunity of asking questions and gathering information about their career choices.

# *S.H.S. Band*

**As part of our 100 year Celebration the S.H.S. Band performed for the alumni present at Manakiki Country Club. Among the songs played were contemporary tunes and the alma mater. After their performance the band was treated to a lunch on the patio.**

**Every once in  
awhile we must  
pause . . .**

**. . . to enjoy the  
simple things of  
life.**

**The tired Cardinals stop to rest during the high action of a football game.**

**In the mountain, stillness surges up  
to explore its own height;  
in the lake, movement stands still to contemplate  
its own depth.**

## Administrators Lead The Way

Dr. Rondle E. Edwards, Superintendent of schools.

(Above) Dr. Edwards with "future" Shaw students.

To this date, we have concerned ourselves with the mechanics of developing and implementing an effective educational curriculum at Shaw High School; however, there is a more vital element: The human element. No matter how eloquent the program, the students and teachers are the ones that determine whether or not it succeeds. The students and teachers at Shaw are to be commended for the way in which they accepted the adjustments to changes, yet continue to move forward. Their ability and willingness to always strive for quality, places them a cut above the rest.

We the students, teachers, administrators, and parents must continue to view ourselves as part of a quality educational program. That is the only way we can expect others to view us in that same vein.

Selma Gamble  
Principal

## *June 8, 1980*

Seniors Angela Burrell and Eric Reese prepare for graduation.

### *Commencement*

When September came, Shaw High seniors began the last and most exciting school year of all. The months were filled with studying for classes and writing that "research paper" for English. Senior pictures were taken at school in the auditorium for the first time ever, and as pictures were taken, seniors realized that June was not far away. Applications for colleges and the PSAT, and ACT were completed. And, just as we thought our last application was complete, there was one more for the Cleveland Scholarship Program! There was time, however, to establish new friendships and renew old ones. Plans were made for after graduation- weddings, jobs, college, and families. And on June 8, 1980, we realized what it was all for.

Marcia Alexander poses for a graduation picture.

Andre Wright, "Smiley", waits to have his senior portrait taken.

**Seniors Michael Watson, Myra Ancar, Mark Nunn, and Papse Wilson take time to relax between classes.**

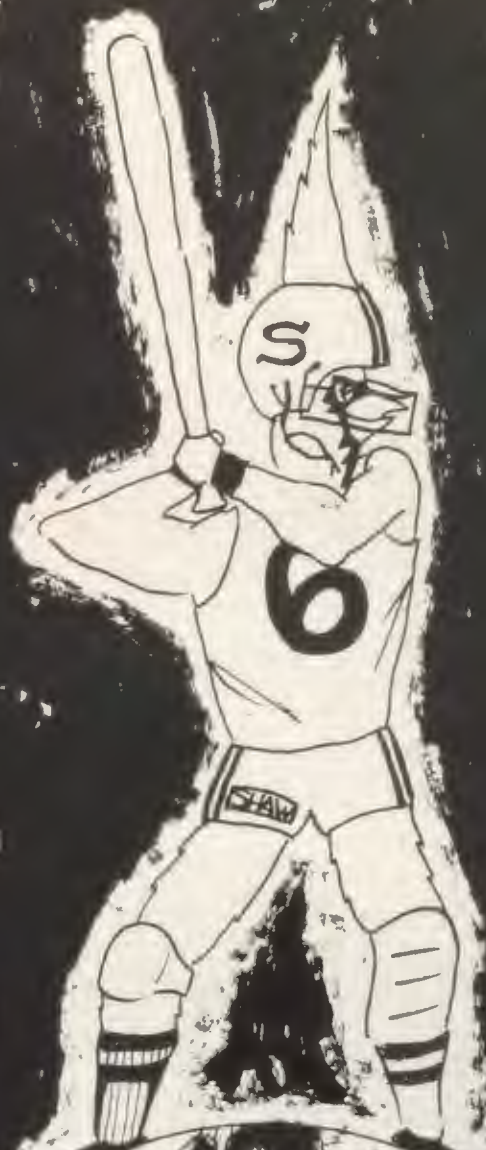

**Harold Edmonds, Richard Dimbo, and Reginald Frazier, discover that being a senior means a lot of studying.**

**Senior Club president Rhonda Butler, and Annette Long listen intently at a Senior Club meeting.**

After three years at Shaw, Coach Nick has been able to watch Rufus Johnson, Sinatra Wilson, Stan and Steve Small, Gary Cooper, and Jay Hickman develop into contributing athletes to their respective teams. He also was able to witness some of second year athletes take the Lake Erie championship this season on the Junior varsity level. The athletes get better every year at Shaw! Some of our most outstanding athletes this year were: Rinoldo Allen, one of the best receivers in the school: Robert Bailey, Don Shanks, David Leak, our most improved athletes: Leahy Bryson, Phil Galloway, Robert

Hazelhurst, our most dedicated athletes: Nick Marshall and Michael Moore, our most competitive athletes: Eric Phillips, Michael Morrison, Pat Brandon, Sean Ward, who were the backbone of our defense; while Bob Thornton, Joe Mims, Daryl Sheppard and Shareef Deramus put the points on the board for us. When asked about this year's team, Coach Nick responded, "I think it may be possible to try to be a patient and understanding coach and still experience some success - because NICE GUYS DON'T HAVE TO FINISH LAST!"

## Girl's Volleyball

The 1979 Volleyball Team had two ladies named to the all LEL Team: BEATRICE LEWIS and DENISE DUNCAN. The most valuable player

for the season was DENISE DUNCAN while ROSALYN WAKEFIELD was named most improved. The high point of the

season was **beating** the number one team, Shaker Heights, in an overtime with a final score of 16-14.

## *“A Very Spirited Group”*

The Girl's Softball Team began practice March 1st. Their first game was April 7th at Normandy. The season's busy schedule consisted of 14 games. The girls must meet all eligibility requirements of the athletic department, and they find their time divided between practice and studies! All the softball games are played at Forest Hills Park. When asked to comment on the 1980 team, Coach Orr said, "Even though we don't always win, we have a **very** spirited group!"

# Cheerleaders

Being a cheerleader is not all play! It entails a great deal of hard work and dedication. In the spring of the school year, approximately 50 anxious girls attend practice sessions to learn the cheers, chants, and dances. These girls are finally judged on the basis of their jumps, splits, cartwheels, cheers, chants, and smiles! From the contestants 24 are chosen. These new

cheerleaders practice approximately 3 days per week in preparation for the games. They cheer for all football and basketball games. Each squad has a captain who is in charge of communication with others and also teaches new cheers. The SHAW HIGH CHEERLEADERS' major responsibility is to encourage CARDINAL SPIRIT.

## *Wrestlers*

This year's wrestling team could not boast any wins and ended their season with a 0-9 record. Despite the young team's losses (there are only 4 juniors and one senior on the team) there were still some bright moments. Darryl Shy has won three matches by decisions, and Coley Banks also won three matches by

pinning two of his opponents. A pin is an automatic win for the wrestler and requires that the opponent's shoulder blades be held on the mat for a two second count by the referee. On the other hand, a decision is determined by total points which are given according to what the wrestler does. For example, a

take-down scores two points while an escape only one point. Greg Page has won 2 decisions; George Davis one; and Morris Davis has one pin and one decision. Donald Shy has pinned one opponent. So despite a winless season Coach Range is optimistic for his young team and promises a brighter future.

## **McDonald Resigns Killian Named New Coach**

The 79-80 Varsity Basketball team was plagued with problems during the regular season including the resignation of Coach McDonald and many losses.

Athletic Director Walt Killian was named new coach,

and he brings to the position experience and new ideas. He hopes to see a big difference in the team's performance. Coach Killian believes that the guys are better than their "worst season in history" headlines. It is difficult for a coach to come in at middle stream, but, fortunately, the team and new coach had help from former Coach McDonald and Mr. Bowman, J.V. coach.

When asked about his plans for the basketball program,

Coach Killian said that one of the changes he will make will be to run an off-season training program to keep the team in shape. Since this year's team does not have support from the student body, he hopes to give the Cardinal supporters a winning team, but says it would be "helpful to have support whether the team is losing or winning."

Stanford Parish shoots from the top of the key.

Kennedy Suffard finds his way through the defense.

Hazelhurst takes a leaping bound to shoot.

Coach Bowman hopes for a victory!

The Shuttle Staff took a new and different approach to their 144 page task for the 79 - 80 school yearbook. In spite of their inexperience, they knew what was necessary to get the job done - hard work and dedication. The 15 member staff met deadlines, wrote copy and sold ads. The final deadline was Feb. 12 when the last page was mailed! Our hope is that you enjoy the '80 Shuttle.

# *Executive Council*

The purpose of student council is to present a forum for student views while providing service to the school and community. Our thrust this year is toward promoting school pride, encouraging the pursuit of academic excellence, and providing service to the East Cleveland community. Some of the projects of the Executive Council were: providing food baskets to needy families, conducting Homecoming, hosting the scholastic banquet, and providing a tutorial service.

Students assist Warrant Officer Jackson retrieve the flag at the end of the school day.

JROTC is a full - scheduled program at Shaw. It is led by: Sgt. Williams, Warrant Officer Jackson, Major Flack, Senior Army Instructor, Master Sgt. Scott, and Miss Taylor, Secretary.

Additionally, there are seven students who make up the battalion staff and are responsible for merits, demerits, proposals for recommendations, and morale. They are: K. Rogers, Battalion Commander, C. Chaney, Major, S. Tyus, Major, S - 3, W. Butts, Captain, S - 1, D. Godfrey, Captain, S - 2, J. Vines, Sgt. Major, G. Saunders, Captain - S - 4.

When asked to comment on the JROTC, Major Flack replied: "We feel there is a need for this type of program throughout the area schools because it promotes leadership, which is sorely needed in this country."

# National Honor Society

The National Honor Society is composed of eleventh and twelfth grade students who have maintained a 3.3 academic average. These students primarily are responsible for promoting academics among other students. They have monthly meetings and are sponsors of a tutoring program. They will do whatever is necessary to lend a helping hand at our school. Inductions to ceremonies are held once a year in a special program to which "PROUD" parents are invited.

The Shaw High School Marching Band participated in the MARCHING BAND FESTIVAL at the Ohio State Fair on August 26, 1979. Shaw has travelled to Columbus for the past seven years, and this year they rated EXCELLENT in the state competition. The Shaw Band has real spirit and we can count on them to bring the fans to their feet to cheer a Cardinal team to victory!!!
