As such, the Co-President of the LWV Greater Cleveland arranged to secure these historic book ledgers from the LWV on April 24, 2017. Those items will go to the Western Reserve Historical Society.
Mr. Fambrough asked for more information on the items being discussed.

Ms. Marcus-Bey stated that these are historic documents that were abandoned within the Library many years ago and were not being accessed.

Mr. Fambrough takes issue with those items being given away.

Ms. Marcus-Bey responded by saying that this was an issue of preservation to unite those documents with the others of that collection, so they would be also be well preserved.

Ms. Turner stated that there are currently no policies in place and policies need to be created to guide us as to how this situation should be handled in the future.

Mr. Rashid asked if there is a policy or procedure in place and has this has occurred before.

Ms. Marcus-Bey said there is no policy in place and this has not happened before. She continued by saying that this was done out of professional courtesy to keep the Board and the public informed of the transference of these documents.

Mr. Mays asked if ECPL will get credit for housing these items.

Ms. Marcus-Bey stated that joint programming is being put in place around these items and that era.

Mr. Mays asked about the condition of the items.

IX. FISCAL OFFICER’S REPORT

Fiscal Officer Report
Ross A. Cockfield, Fiscal Officer
April 2017
Prepared May 2017

April financial reports have been distributed. Our expenditures for the first four months would be represented by a target expenditure level of 33% (1/3
of the year). Thru four months most of our expenditures are within budget. Those that are outside of the 33% benchmark are being reviewed.

Our cash fund balance as of April 30, 2017 was $829,503.10 which is a reconciled balance. This figure represents the cash total of all fund balances and is what our bank balances agree to.

We’ve received our health insurance rates from Stark County Schools Council of Governments for 2017/18 which reflects an increase of 5.4% over last year. The increase will go into effect in July. Price Waterhouse Coopers (PwC) Health Research Institute has estimated a medical cost trend to be a 6.5% rate increase for the upcoming year. According to Kaiser Health News “big employers expect health costs to continue rising by about 6% in 2017, a moderate increase compared with historical trends that nevertheless far outpaces growth in the economy”. Our membership in the consortium has afforded us the benefit of lower rates.

The Board has been presented with a resolution to approve a 2% Cost of Living Allowance for the full and part-time staff. The allowance was initially budgeted into our permanent appropriations but had not been presented. The current inflation rate for the twelve months ended April 30th in 2.2%.

Kevin Penn, CPA has presented me with a list of items he would like to review to begin the process of monitoring our accounting controls. The list was shared in the Finance Committee meeting. Once completed, his review will be presented to the Board.

Lastly, I’ve begun work on an updated five year forecast and a 2016 financial report. I should have a draft of both by the next Finance Committee meeting.

Mr. Fambrough informed the Board that the 2% Cost of Living increase was not discussed before the Finance Committee.

Ms. Turner asked if this was discussed since he was on the Finance Committee.

Mr. Fambrough stated that it was not discussed since the new committee appointments.

Ms. Turner asked Mr. Cockfield if there was conversation earlier about the matter.
Mr. Cockfield said that this was previously voted on as a part of the permanent appropriations.

Mr. Mays motioned to accept the Fiscal Officer’s Report
Ms. McClarin seconds the motion.

Roll Call Vote: Ms. Turner (yes), Mr. Fambrough (yes), Ms. McClarin (yes), Mr. Mays (yes), Mr. Rashid (yes).

Mr. Mays said that this new door also aids in safety because it is easy to see what is going on outside of the building. He also stated that painting is currently taking place in the lower part of the building. Mr. Mays then said the Library staff was utilized to patch the roof to stop it from leaking. He continued by saying that a lighting project is underway to improve lighting in the Library. Mr. Mays concluded by saying he believes a small fee can be charged for usage of Library facilities to offset operating costs.

Mr. Rashid asked if these fees would be charged to both those inside and outside of the city.

Ms. Turner stated that the Buildings & Grounds Committee should come up with a policy covering cost.
