The Summer Reading Club programming is being promoted via our ECPL Summer Program Guide, the ECPL Summer Newsletter, a Summer Reading Kickoff Press Release, and via our community partners, MyCom, the Salvation Army and the Stephanie Tubbs Jones Health Clinic. Computer use continues to be very high in this area. Future computer ‘classes’ for the youth are still being encouraged and will be explored for programming possibilities in addition to the summer computer classes that will be provided for youth – adults in the main computer lab. Esthetically, posters, displays and paint will continue to improve the overall look and feel of this particular department. The Summer Lunch program will resume in June.

X. **FISCAL OFFICER’S REPORT**

Fiscal Officer Report

Ross A. Cockfield, Fiscal Officer

May 2017

Prepared June 2017

May financial reports have been distributed. Our expenditures for the first five months would be represented by a target expenditure level of 41% (5/12 of the year). Thru five months most of our expenditures are within budget. Those that are outside of the 41% benchmark are being reviewed and adjusted as necessary.

Our cash fund balance as of May 31, 2017 was $849,488.90 which is a reconciled balance. This figure represents the cash total of all fund balances and is what our bank balances agree to. This compares to a balance of $1,069,375.12 thru five months last year, a decrease from last year of $219,886.22. The difference in cash balances between years can be attributed to sharp increases thru five months this year in facilities repair and maintenance spending along with increases, although not as significant, in furniture and equipment spending. On the revenue side, property tax revenue is down from last year thru five months by $142,027 while PLF (Public Library Fund) revenue remains about the same. Salaries and wages are down from last year thru five months by about $7,000. The net effect of these changes is reflected in lower cash balances thru the first five months of the year.

We’ve received word from Stark County Schools Council of Governments that we are entitled to two premium holidays for the 2017/18 year. This means that we can elect two months to withhold health insurance premium payments. We met the 30% reserve threshold which represents premiums paid as a percentage of money paid out in claims. With health care costs rising 5.4% over last year our premium costs for the elected holiday months will represent the percentage difference between this years and last year’s rates and not the full premium cost. Savings to the library will approximate $37,500. These savings can be channeled elsewhere and can assist with our renovation plans.

Kevin Penn, CPA has received the required material to perform his review of our first four months. A report will be prepared as soon as he’s completed.
Mr. Mays asked of the other Trustees, where it is stated that the Fiscal Officer’s report is approved by the Board and the Executive Director’s report is not approved by the Board.

Both Ms. Synor and Ms. Turner agreed that the law says the Library is obligated to have a Fiscal Officer.

Mr. Fambrough stated that the Director is not required to take an oath.

Ms. Turner motioned to accept the Fiscal Officer’s Report
Mr. Mays seconds the motion.

Discussion:
Mr. Fambrough asked what is the actually cost of the new roof.
Mr. Cockfield stated that in the Appropriations Status Report on page 4 he posted $85,000 as the cost.
Mr. Fambrough requested to see the contract for this work.
Mr. Cockfield stated that he would provide the requested contract.

XVII. NEW BUSINESS

Mr. Fambrough stated there needs to be training of staff on records requests.

Mr. Fambrough motioned for a written process for records request.

(There was no second to the motion).

Mr. Fambrough stated that there needs to be discussion between the ECPL Board and the East Cleveland School Board about the Literacy Specialist being a collaborative effort, because it is currently only being financed by the East Cleveland Public Library.

Ms. Synor stated that these are items that need to be discussed in committee meetings. She also asked the Chairs of the related committees to put this topic on their agendas.

Ms. Turner said that technical issues caused the committees meetings to be cancelled and she asked the staff to come up with a strategy to keep with meeting schedules.
Mr. Fambrough suggested that Trustees send a courtesy email to inform other Trustees of tardiness or absence.

Mr. Mays also suggested that these items be discussed during the Policy committee meeting.

XVII. AUDIENCE PARTICIPATION

Devon Branch addressed the Board by requesting that the Presidential letters be identified and where they are located and the nature of those documents. He also requested that someone physically view the documents in order for the Library to develop a plan as to what should be done with them after they are appraised. Mr. Branch also asked about projection equipment that was previously purchased by the East Cleveland Public Library. He also asked if later programming times would be possible. He later stated that he feels the cost of the Literacy Specialist should be shared with the East Cleveland Board of Education.

Ms. Synor responded by saying the projection equipment’s installation is delayed due to fear of water damage and will be installed after the roof construction is completed.

Mr. Mays inquired as to how Mr. Branch was made aware of the Presidential letter?

Mr. Branch said he was previously made aware of these items by the interim Director and Rita Knight-Gray, the curator for the Library, during the time he served on the Board of the East Cleveland Public Library.

Ms. Saheed stated that having a non-electronic form of tracking records request could avoid problems.

Mr. Mays suggested that Ms. Saheed read the Ohio Sunshine Law for more information about records request.
