VIII. Fiscal Officer's Report

Fiscal Officer Report

Ross A. Cockfield, Fiscal Officer

August 2016

This year’s overall YTD expenditures are running well within budget. Changes in personnel costs are producing reduced spending with resignations and some terminations providing less spending on salaries and wages. Additionally, our change in medical cost coverage is initially showing a 62% decrease in health insurance costs. It should be noted that personnel changes account for some of that decrease with the resignations and terminations affecting full time employees who took advantage of our medical program. Complete overall savings cannot be calculated because our supplemental insurance program supplied through Guardian Insurance is up for renewal this month and Ms. Wood, our Human Resources Director, is in the process of negotiating those changes. I should be able to come to the Board with complete costs and the impact on the budget by the September meeting. Some line items exceed the 58% seven month spending benchmark. These items have been targeted for further discussion and possible adjustment when the Director and I meet to plan out the budget for the balance of the year. Any significant changes will be brought to the Board’s attention.

Year-to-date revenues exceed expenditures by $337,828, which when added to our beginning fund balances gives us $1,162,131 in overall cash fund balances. Property tax receipts are running at 117% of budget thru seven months. As I indicated at the beginning of the year, our Certificate of Estimated Resources reflects the County’s best estimate of current tax collections and cannot predict delinquent collections. While I anticipate current collections to decline over the upcoming years, delinquent collections could buoy overall tax receipts. PLF revenues are running according to budget thru seven months.
In terms of our Building Fund, there’s been an increase in facilities costs spending with our staff trying to take full advantage of the summer months to make necessary repairs and improvements. A portion of the spending will go toward the new roof which has gone out for bid. Bids will be received and opened on Friday, August 19th.

Lastly, I still don’t have all travel receipts from the ALA conference. Please get those to me so I can provide a complete spending report to the Board. Specifically, I need documents received from check out, and any incidental receipts.

Ms. Synor stated that all travel receipts for the ALA Annual Conference need to be submitted to the Fiscal Officer no later than Wednesday if they have not been turned in. She continued by reminding the Board about the summary reports that should also be submitted by each Trustee about the workshops that they attended.

Mr. Mays inquired if the funds are available for the roof repairs. Mr. Cockfield stated there is enough money budgeted for the roof repairs.

Mr. Silvera moved that the Board accept the Fiscal Officer’s Report. Mr. Fambrough seconded the motion.

Mr. Fambrough asked what was being done to insure minority participation from the contractors.

Ms. Anderson also stated that staff should be recognized for all of the hard work that went into creating the bid package.

\textbf{XI. Personnel Committee Report}

Ms. McClain started her report by saying the Personnel Committee met on August 12, 2016. She said they were planning an executive session, but Mr. Fambrough brought to their attention according to Board policy, only the Board can call for a vote to enter into an executive session. Ms. McClarin stated that a Literacy Specialist has been chosen to work with the schools. The Employee Policy Manual was submitted to the board for their review and it will be addressed in October. Ms. McClarin continued by stating that Mr. Fambrough’s concerns were noted about the rehiring of Mr. Cooper to the Library’s Buildings department. Based on the Board minutes from 2012, the Personnel Committee found no wrong doing in the rehiring of Mr. Cooper.
