IX. Fiscal Officer’s Report

Fiscal Officer Report
Ross A. Cockfield, Fiscal Officer
November 2015

Through eleven months, the Library has total cash fund balances of $981,478.52 of which $570,543.19 is General Fund balances and $393,845.73 is Building Fund with the remainder representing the other smaller funds.
The Director and I have finalized the 2016 budget and are asking the Board to approve temporary General Fund and Building Fund appropriations totaling $2,296,945.93. The Temporary Appropriations Resolution sets temporary spending levels for the first three months of the year. Our 2016 objective is to completely fund operations out of revenues and build our cash reserves (fund balances) for future growth.

Next year we anticipate completing necessary renovations and making improvements on existing facilities.

Our need to better control spending will drive our effort to establish and plan for program costs. All library costs will be reevaluated and form the basis of a unit cost system to assist with planning and cost control. All library costs will be rolled up into programs and services to help with planning. This simply means that administrative and facilities costs will be factored into the costs of programs and services to better assess the true cost of providing public services. In addition these costs will assist with establishing pricing for the use of our facilities and auditorium.

We’re still awaiting word from the Auditor of State to begin our 2014 audit. I’ll inform the Board once I’ve heard from them.

Mr. Silvera moved that the Board accept the Fiscal Officer’s Report. Ms. Synor seconded the motion.

Discussion: None.

Roll Call Vote: Mr. Fambrough (yes), Mrs. McClarin (yes), Mr. Silvera (yes) Ms. Synor (yes), Ms. Turner (yes) and Dr. Rice (yes).
